## KING WILLIAM CUB SCOUTS HOLD GRADUATION CEREMONY

By Ellen K. Otey

On Wednesday night, May 9, 2018, Cub Scout Pack 360 held its Annual Graduation Ceremony at the Ruritan Building in King William.

Boys from the different ranks – Tigers, Bears, Wolves, and Webelos – crossed a wooden Bridge as parents and friends watched. The bridge had 12 steps symbolizing the 12 points of the scout law and symbolizes them “crossing over” from one level to the next.

First to fifth graders are considered Cub Scouts. The boys pictured in the picture are fifth graders and considered “Arrow of Lights” that crossed the bridge into Boy Scout Troup 360. For them the bridge is a symbol of them crossing from the Cub

Scout Pack into the Boy Scout Troop. They were welcomed on the other side by the Scout Troop.

Mr. John Hamel, who has lead different levels of scouts for over 30 years, handmade plaques for each boy to commemorate their Cub Scout experience. The arrows on the plaques Mr. Hamel made have different colored stripes on them representing what each boy achieved during his time in Cub Scouts. Most of those boys on the stage have been in scouting since they were tigers.

There is a new rank recently added for Kindergartners called the Lions. For more information about scouting, please email Pack 360 at kwpack360@gmail.com

## Publisher’s Message

Finally, some much needed Sunshine. I was thinking about looking on the internet for “How to build an Ark”. We are still cleaning up from the last big storm. One Day at a Time. School students are thinking about summer vacation coming, longer warmer days are here now. I hope the weather will level out some now. Enjoy your summer, make some great memories.

Take care until next time

## Getting Answers

By Allen Brintley and "Pip"

We spend a lot of our time each day trying to get answers. From what's the weather like to what am I going to wear? Working with animals, they will always give you an answer. It may not be the answer you want but they will always give you an answer. Like loading a horse or mule into a trailer, they stop and won't load. That's an answer. "No." They feel it is unsafe, whether there are bees buzzing around from a nest hidden inside to another animal smell that has been inside the trailer. We need to look closely before pushing the issue and correct the problem and ask them to load again. You may need to open the side doors and make it brighter inside and more inviting for them to load. Other times, you would back them away and make them trot in circles around you and then walk them up to load. I have seen people get creative, from feeding them in the trailer everyday for a while to get them used to loading and unloading. We don't want to get too heavy handed with them and try to force them. This will just reinforce their negative thoughts about the trailer.

I remember a story about my grandfather being creative in getting answers. He called the hospital and asked the receptionist "I would like to find out how Mr. Mills in room 315 is doing. Could you please help me?" She said that she would transfer him to the nurse's station on the 3<sup>rd</sup> floor and maybe they could help. A nurse answered and he asked again "I

would like to find out about Mr. Mills in room 315. I'm worried and would appreciate any information you could give me on his condition." The nurse thought about it for a minute and then asked him to hold on and she would see what she could do. The nurse came back on the line and said "Sir, I have checked his chart and files and I have some good news. It looks like Mr. Mills is doing very well. The doctor even has a note here that says he is planning on releasing Mr. Mills tomorrow to go home." My grandfather yells "Yippy! That is great news!" The nurse said "You must be very close with Mr. Mills. Is he your family or friend?" My grandfather said laughingly "I am Mr. Mills! I'm calling you from room 315. Nobody would tell me anything so I had to try to find out on my own. Thanks." Now that's being creative!

You can email me at [Allen@TwinRiversRealty.com](mailto:Allen@TwinRiversRealty.com) or call 690-7870. I'll see you on the trails.

# VFW POST 9501 HOLDS VETERANS' MEMORIAL SERVICE

Story by Florence Cooke

VFW Post 9501 of King William held its 20<sup>th</sup> Veterans' Memorial Service on Sunday, May 27, at the Caleb and Mary Pollard Family Veterans Memorial Park on Route 30.

Caleb and Mary Foster Pollard had four sons, Willie, Clinton, Eddie and David (who was killed in action on foreign soil) to serve in two major wars. The land that is home to the VFW was part of the Pollard family and was donated by a direct descendant of the Pollard family, Mrs. Eva Inez Pollard Atkins. The donation of property interests from Lt. Col. Lee and Mrs. Evelyn Vessels made the VFW building site a reality.

The guest speaker was Dr. Rodney Sidney, Director of Victims Abuse for the Essex County Sheriff's Department. Dr. Sidney has three Associate Degrees, two Bachelor Degrees, two Masters Degrees and two Doctoral Degrees. He has been very active in church and civic organization for many years. Given Dr. Sidney's broad experiences, his educational achievements, and his level of community engagement, he talked about helping to ensure the rights of victims.

Also on the program were two youth speakers. Jordan Waller, an eighth grader at Hamilton-Holmes Middle School, won the VFW Patriot's Pen Award. He read his submission to the group. He stated, "I am thankful for the many gifts America has given to my generation. I am thankful that I live in this great place that allows us to have so many different choices in life. I hope everyone takes the time to see how blessed we truly are living in America. I wouldn't want to live in any other place." The second youth speaker was Margaret Styles, a senior at King William High School, who won the local VFW Voice of Democracy Competition.

VFW Auxiliary Member Gladys

Hickman presented the Teacher Recognition to Virginia Harvey Young from King and Queen. She has been in the school system for many years, is an ordained minister and is one of the singers with Cora Harvey, a well known gospel singer from the northern end of King and Queen.

Three scholarships for \$1,000 each were presented by VFW member Cecelia Johnson. Two of the students, Briana Harvey and Taylor Hill, were from King and Queen Central High School. The King William student, Lamont Harris, has completed high school and his first year at Rappahannock Community College.

The Memorial Roll Call of deceased veterans from King and Queen and King William was read by Carolyn Brown and Colleen Williams with a bell chiming after each name. The bell chiming was done by Past Post Commander Fred Brown.

The posting of colors was done by JROTC from King and Queen Central High School. The Retiring of the Colors was done by AFJROTC from King William High School.

This event was well attended by family and friends of the deceased veterans. It was a time to stop and think of so many lives lost and still being lost each day so that we, as Americans, can feel safe and well protected. WE, AS AMERICANS, THANK ALL THOSE WHO GAVE AND ARE GIVING THEIR LIVES FOR US.

### Letter to the Editor

Dear Editor,

To whom it may concern

Assuming you can read, this note is for the person (s) who, for unknown reasons, felt it was irresistible to pass up our "pavers" which were located at the end of our driveway to prevent driving onto our lawn. Had you been here to witness the care with which each one was placed by the disabled Viet Nam Vet, perhaps you might have given your act of thievery a second thought. Shame on you!

Maxine Hamlett,  
King William

Dear Editor,

A few days ago I received a flyer in the mail from 1<sup>st</sup> District Congressman Rob Wittman titled "Important Updates for Virginia Seniors". This included some "Important Federal Contacts" and "Tips on Avoiding Identity Theft". All in all something a 10<sup>th</sup> grader could have put together. In an opening comment Congressman Wittman wrote "I hope you will reach out to my staff or me if there is anything we can do for you." Was he kidding? Now that he's up for reelection he is asking his constituents to reach out to

him! Where has the Congressman been for the past two years when his constituents have repeatedly attempted to contact him or his office asking to meet with him to discuss issues important to them?

Indeed, Congressman Wittman has little to show in accomplishments in representing the citizens of the 1st District. For that reason three well qualified Democratic candidates are vying for the opportunity to challenge the Congressman. In a recent letter to the editor of the Richmond Times Dispatch Democratic candidate John Suddarth duly noted that Congressman Wittman was "missing in action" in issues on the economy, gun violence and health care, issues the majority of our citizens deeply care about. And in a recent Democratic Committee forum, Vangie Williams expressed that she would capitalize on "the power of women" to move the country toward a single payer health care system to provide comprehensive and affordable health care for all citizens. At that same forum candidate Edwin Santana stated that the cap should be removed from the Social Security tax so that everyone would pay the same percentage of their income.

I believe either of the three of these candidates can defeat Rob Wittman. It is comforting to know that during their campaign these candidates have not

attacked each other and they have pledged to support the winner of the primary in their quest to unseat Mr. Wittman. To get more information on these candidates, go to their individual websites: Edwin Santana (santanaforcongress.com), John Suddarth (suddarthforcongress.com) and Vangie Williams (vangieforcongress.com). Make your choice and vote on June 12. Let's retire Congressman Wittman and make the 1<sup>st</sup> District a voice for the citizens.

### Homeschool Student from King and Queen Awarded Multiple Scholarships

Quinn Hart, of Mattaponi, will graduate on June 9th at the Richmond Convention Center, along with home educated students from across the state, during the Home Educators Association of Virginia's annual convention. Quinn was recently awarded a four year Air Force ROTC scholarship, the Three Rivers Soil and Water Conservation Scholarship, the Rappahannock Electric Coop Scholarship, and the Colonial Farm Credit scholarship. He has received an appointment with the incoming freshman class at the Virginia Military Institute this fall, where he plans to major in Civil Engineering.

Quinn Hart

Quinn recently passed his FAA written exam after going through ground school at the Middle Peninsula Regional Airport in King and Queen County, and will be working toward his private pilot license there. He serves as a flight sergeant in Civil Air Patrol at the Langley Composite Squadron, and earned his Ground Team Search and Rescue qualifications in April at a joint academy conducted with the Virginia Department of Emergency

Management. Quinn enjoys studying military history and strategy, and is eager to serve his country in the Air Force. Both his parents were enlisted airmen and chose to settle in King and Queen in 2009 on a small farm, where he and his younger brother have enjoyed the space and time available to enjoy their childhood and explore their interests.

The Virginia Sheriffs' Institute (VSI) is pleased to announce the awarding of 71 scholarships totaling \$70,000 to deserving individuals across the Commonwealth. These scholarships support individuals pursuing a college degree in criminal justice while attending a Virginia college or university. Full-time students are awarded \$1,000 scholarships; part-time students are awarded \$500 scholarships. Two students from King William, Julia Duszynski and Preston Upshaw, were awarded scholarships. Both Julia and Preston attended the Bridging Communities Regional Career and Technical Center criminal justice program. All Virginia citizens are eligible to become members of the VSI upon invitation from their local sheriff. "The sheriffs and their citizen supporters around Virginia are the reason for the success of this program," said John W. Jones, Executive Director of the Virginia Sheriffs' Institute. "Currently, we have over 25,000 associate and business members of the VSI. We are extremely proud and grateful for all of our associate and business members as well as our training and educational programs that help make Virginia a safer place in which to live."

## Congressman Wittman Visits King William

Expanding rural broadband, rebuilding our military, finding solutions to the challenges in education and school security were some of the topics discussed during a question and answer period.

Rob, who is up for re-election for his sixth full term to represent Virginia's First Congressional District this November, is in the midst of rallying his base for a campaign against a Democratic opponent this fall. His Democratic opponent will be decided from one of three candidates in the upcoming June 12 Democratic primary.

Wittman who resides in Westmoreland County with his wife Kathryn (they have two children and four grandchildren), got his start in politics in 1986 when he was elected to the Town of Montross Town Council. He moved his way up the political ladder with his election to the Westmoreland County Board of Supervisors in 1995, and in 2005 was elected to the Virginia House of Delegates

## MPRA, continued from front page

The Mattaponi and Pamunkey Rivers Association (MPRA) is planning activities for June is River Month 2018. Join the celebration by cleaning up our waterways, paddling and picking up trash. MPRA is an all-volunteer nonprofit organization that encourages the preservation of the natural and cultural heritage of our rivers through education, stewardship and recreation.

The 28th Annual River Stewardship Day cleanup is Saturday, June 16. This year, the volunteer's picnic will be *before* the cleanup on Friday evening, June 15 from 6 until 8 PM at Campbell's Pavilion on

the Mattaponi. Pre-registration for the picnic is required. We will distribute trash bags, assign and confirm cleanup sites prior to dinner. We are including trash pickup along highways, as well as along river banks and boat landings this year. Volunteers can pick their own time to work and dispose of trash themselves. To join a team cleaning up boat landings or to sign up a group, call Eugene Rivara and leave a message at (804)769-0568. Visit the link on [www.mpra.org](http://www.mpra.org) to sign up online. ## KING & QUEEN FIREFIGHTER CLASS GRADUATES

Photo by Robbie Coleman  
Story by Florence Cooke

On Saturday, May 26, 2018, eighteen future firemen from four King and Queen Fire departments - Lower King and Queen, Central King and Queen, Walkerton, Upper King and Queen and one from Essex, are shown at the live burn training in Chesterfield to demonstrate the skills they learned in the classroom. The class will take the final test on Saturday, June 9. The 160 hour course was hosted by Walkerton Fire Department and started in January with 18 future firemen - two women and sixteen men. The Firefighter I class included 85 hours of classroom and 75 hours of hands on practical training.

Captain Robbie Coleman stated, "I am very proud that we started with 18 students and are finishing with eighteen completing all the requirements. This amount of time is a real commitment to helping others even before the emergency call comes in. A lot of dedication of time and physical ability and studying has gone into the class to produce better trained volunteers to help the community."

## Upper Mattaponi Tribe Celebrates Heritage and Federal Recognition

By Gene Campbell

On May 26 under a beautiful blue sky and billowing clouds looking like smoke signals, the 31st Annual Upper Mattaponi Tribe Spring Festival and Native American Pow-Wow got under way with the traditional Grand Entry at high noon. With the traditional color guard leading the way and chiefs/former chiefs directly behind them, the procession proceeded around the sacred circle and stopped for the raising of the flags. Immediately after the raising of the flags all veterans in attendance were invited into the circle for a special walk/dance honoring their service and sacrifice in protecting America. After special remarks by Upper Mattaponi Chief Frank Adams and others, traditional dances such as the grass, jingle dress, fancy, and others were performed by tribal members (both men and women) in their colorful regalia.

This is the first Pow-Wow the Upper Mattaponi people have celebrated as a federally recognized tribe, securing that status in January when President Trump signed a bill granting federal recognition to not only the Upper Mattaponi tribe but to six other Virginia tribes as well.

I have missed only a couple of Pow-Wows and would take my father when he was not able to attend on his own. He loved the Pow-Wows and had the highest respect for all Native Americans. One of the highest honors of his life was in 2010 when he was honored at the Pow-Wow by then Chief Ken Adams and the entire Upper Mattaponi Tribe. Many thanks to the tribe for the respect they always showed to my father.

### KW Supervisors Approve Extending Internet Service to Courthouse Complex

By Gene Campbell

At the May 21 King William Board of Supervisors meeting County Administrator Bobbie Tassanari requested approval to extend internet fiber from the Hamilton Holmes Middle School Complex to the courthouse complex. Lumos Networks is currently under contract with King William County Public Schools to bring fiber to Hamilton Holmes Middle School and King William High School. Extending the fiber line approx.two miles down to the courthouse complex and animal shelter will have a one time cost of \$50,000. In addition there will be a monthly recurring charge of \$2,786. Tassanari said this will provide better internet service to the courthouse complex and cost less than the current internet provider. The \$50,000 initial cost will come from a contingency fund set aside in the 2018 budget. The Supervisors approved the request by a 4-1 vote with Supervisor Hansen dissenting.

In other matters Supervisors:

1. Approved resolution 18-22 celebrating Bay Aging's 40th year of service to the community.
2. Approved by a vote of 4-1 (Supervisor Hansen dissenting) the appointment of EDA Vice Chairman Ed Moren to represent King William on the newly formed PamunkeyNet Advisory Team. The Team will not be a decision making body...only serving as thought-leaders and be communication

channels back to their local leadership. Supervisor Moskalski advised the Board the initial commitment of \$5,000 for the PamunkeyNet Project was reduced to \$3,726 due to the number of partners that have joined the project.

4. County Administrator Tassanari advised the Board the EDA is considering increasing the number of members on the Authority from seven to nine and also adding three ex-officio members. A joint meeting between the Supervisors and the EDA is scheduled at the June 11 work session.

5. Fire Chief Andy Aigner presented Fire and EMS call statistics for April 2018.

6. Approved by a vote of 3-2 (Supervisors Hansen and Ehrhart dissenting) the appointment of Garland Jenkins of West Point to fill an unexpired term on the EDA ending on June 30, 2019.

7. Approved by a vote of 4-0 (Supervisor Hodges abstaining) the reappointment of Brian Hodges to the EDA for a four year term expiring June 30, 2022.

8. Approved by a vote of 5-0 the reappointment of John Breeden to the Planning Commission for a four year term expiring June 30, 2022.

The next meeting of the King William Board of Supervisors is a work session scheduled for June 11 beginning at 7pm at the County Administrative Bldg,

## KWHS Girls Softball Team Hosts Madison in State Quarterfinals

Submitted by Corey McConville

The King William Girls Softball team shut down Amelia County in the Region 2A Championship on Friday at Amelia County High School. King William pitcher Jenna Evans threw a complete game shutout leading King William to a 1-0 victory. The pitching was strong on both sides. Evans struck out seven and allowed five hits while Amelia County pitchers sat down four and allowed four hits. Rachel Watson took the loss for Amelia County. Sarah Davis, Hailey Reid, Amber Harris and KaDedra Temple scored the lone run by a walk, advancing on a steal, fielder's choice and then another passed ball. With the win against Amelia the Cavaliers will host a state quarterfinal game versus the Region B

runner up Madison County on Tuesday June 5 at 5pm at KWHS. King William has had yet another successful season with a 17-3 overall record. Competition has been fierce during the regular season, but the Cavaliers picked up big wins against some of the toughest competition around. Some of those games include a 5-0 decisive win over St. Margaret's, sweeping former state champion Mathews twice, an 11 inning walk-off win over Northumberland and a close 3-2 victory over Rappahannock. King William will graduate five seniors who have had much success throughout their career here. But, with a strong underclassmen varsity group and an athletic JV program, we should see even more success in the future. GO CAVS!!

## Agriculture Leader Longest Died in April

Virginia's agricultural finance leader H. Earl Longest, died April 23, 2018. He was the retired Chief Executive Officer and President of Virginia's largest agricultural leader, Colonial Farm Credit, ACA, which had a base volume of \$470 million and an asset base of \$500 million when he retired.

Mr. Longest was promoted to CEO and President of the Richmond Farm Credit Association on January 1, 1977, which at that time had an asset base of \$67 million. He became the chief architect of the process to consolidate eight Farm Credit Associations (six in Virginia and two in Southern Maryland) into the Colonial Farm Credit, ACA, on September 1, 1988. The chartered territory included 53 counties and cities with thirteen branch offices in Virginia and three in Southern Maryland.

Mr. Longest had provided leadership to Virginia's industry of agriculture for more than twenty years. He served as Chairman of the Governor's Agriculture Credit Committee, as President of the Virginia Agribusiness Council, the Virginia Forestry Association, the Friends of the Industry of agriculture, and the Virginia Association of Soil and Water Conservation Districts. He served as a member of the Virginia Governor's Job Training Council, Chairman of the Board of Directors of the Bay Private Industry Council, a member of the King and Queen county School Board, acting Chairman of the Southeastern National Association of Conservation Districts Research committee, member of the NACD Forestry Committee, and Executive Director of the colonial Agricultural Educational Foundation, Inc.

The agricultural and forestry industries have recognized Mr. Longest's leadership by awarding him the Outstanding Friend of the Industry of Agricultural in 1985, the Virginia Soybean Association's Outstanding Cooperative and Support Award in 1988, the Virginia Extension Service's State 4-H Alumni Award in 1988, the Virginia Agribusiness

Council's Distinguished Service Award in 1988, the Goodyear Award of Merit for Outstanding Accomplishment in Resource Conservation in 1989, the College of Forestry and Wildlife Resources, VPI, Appreciation Award in 1992, and the Virginia Council of Farmer Cooperatives' agribusiness Leadership Award in 1992.

Mr. Longest states that the most rewarding part of his agricultural finance career has been the opportunity it offered to help others, both customers and employees, reach their goals and the many friendships developed along the way.

He states that over the last twenty years he has seen the industry of agriculture's restructure from family owned and managed farms to large commercial operation. In this process, more than 60% of the farm operators were squeezed out by a political, monetary, and export policies over which they had no control.

If he could make wishes come true, he would have two. First, he would bring the Virginia agriculture and forestry industries together into one powerful organization. The two similar industries working together politically and economically would be the most influential groups, the industries have very little influence. Secondly, he would establish a Secretary of agriculture and Forestry in Virginia which would represent the interests of farmers and timber owners every time the Governor's cabinet met.

When asked what accomplishments in his career did he receive the most satisfaction, his quick answer is the three educational foundations to which he has provided leadership: the Colonial agricultural Educational Foundation with more than \$250,000 in assets, the funds and commitments, and the James R. Nichols Educational Endowment which has more support of other educational activities for rural youth.

## American Legion Post 314

US Armed Forces veterans of American Legion Post 314 in Aylett, King William, hosted a community open house on Memorial Day with military history displays, games and free food.

Memorial Day is a federal holiday set aside for remembering those who died while serving in America's military.

The Post is the basic unit of the American Legion and usually represents a small geographic area such as a single town or part of a county. There are roughly 14,900 posts in the United States. The Post is used for formal business such as meetings and a coordination point for community service projects. Often the Post will host community events such as bingo, Hunter breakfasts, holiday celebrations, and be available to the community and churches in time of need.

At the state level, The American Legion is organized into "departments", which run annual civic training events for high school juniors called Boys State. Two members from

each Boys State are selected for Boys Nation. The American Legion Auxiliary runs Girls State and Girls Nation. In addition to Boys State, The American Legion features numerous programs including American Legion Baseball, Scouting, Oratorical Contests, Junior Shooting Sports, Youth Alumni, Sons of the American Legion, American Legion Riders, and Scholarships at every level of the organization.
