Remembering Carroll Lee Walker

By Florence Cooke
Picture by Ellen K. Otey

The sign at Scott's Store in Walkerton expresses the feelings of sadness by the community at the passing of Carroll Lee Walker on Thursday, June 8, 2018, in a Richmond hospital.

Carroll Lee was known and loved as a friendly gentleman with old fashioned Southern charm. He never knew a stranger, but if you were a stranger to him, you would be his friend very shortly.

He was respected for his generosity far and wide. Many old broken down buildings were restored at much cost to the beautiful buildings they once were. Many of the restored buildings and churches were returned to their owners. No one will ever know of the people that Carroll Lee helped over the years because he was a very private person.

On a hot Father's Day Sunday, June 17, 2018, several hundred people gathered at Fleetwood Farm to celebrate his life.

Broadus Church Hebron Campus Plans Heroes Day

By Florence Cooke

Broadus Church Hebron Campus is planning two fun-filled events as a way of showing thanks to the wonderful first responders and educators in King William and King and Queen Counties. According to Jeff Poythress, Site pastor for the Hebron Campus, states, "Broadus Church Hebron Campus wants to be a part of the community by being good neighbors. We want to impact people who protect the community and what better place to start than with First Responders and Educators."

After much thought it was decided to have a fun event that would also allow the community to say thank you as well. The idea of HEROES DAY came about. The church plans to have two events – the first on Saturday, June 30th, for Fire, EMS and Police Departments. The second will be on Saturday, August 4th for Educators. Both events are from 2 – 5 p.m.

For the first Heroes Day, Andy Aigner, Fire Chief for King William County, and Sheriff Jeff Walton will be attending, as well as King William Fire Department and Mangohick Volunteer Fire Department. King and Queen Sheriff's Office is planning on attending. Church members from Richmond Police Department, Hanover and Henrico Fire Department will also be represented.

On August 4th, Educators Day, Dr. White, Superintendent of King William Schools, will be speaking. About half of the principals in the two counties are planning on attending. We are also hoping for a large number of teachers.

The two events will be filled with something for everyone – bounce house, slip and slide and dunk tanks for kids. Corn hole and some surprise games and activities are planned for adults. Free food – hot dogs, snow cones, popcorn and root beer floats will be available. The events are FREE but the church will be accepting donations for the Fire Department and at the Heroes Day in August, supplies for the teachers will be accepted.

Jeff says, "We wanted to say thank you to both of these groups of amazing people who do so much for our community but we also wanted to give the community an opportunity to say thank you to these people who are shaping our community every day in a positive way. WE HOPE YOU JOIN US AND SAY THANK YOU."

The church is located at 3407 King William Road (next to Mangohick Volunteer Fire Department).

Publisher's Message

2018, this year we have lost many King William and King and Queen residents. They were Brothers and Sisters, Moms and Dads, Grandfathers and Grandmothers, Husbands and Wives, respected neighbors and close friends. We are sad their presence and energy are no longer here with us. We do have memories of times together that will help us as time moves on. We also have family members and friends who can carry on the wonderful things these special people have shown us. We can find comfort in knowing we loved and were loved by the ones we miss so much.

Take care until next time.

A Pickup Man

By Allen Brintley and "Pip"

I saw an old horse friend of mine named Bobby awhile back at the hardware store. I remember asking him if he was still riding. He said kind of loud and proud "Yeah. I'm a Pickup Man!" I thought to myself "Isn't that the name of a country song?" Another thought went through my head that maybe he thinks he's some kind of ladies man or something. I just smiled at him and looked around to make sure nobody was real close to us. I said "Oh Yeah?" Bobby said "I ride pickup for a couple of stables." I thought that maybe he rides around in his truck while everyone else is on horseback in case somebody gets thrown or needs a ride back or something, he can help them. My mule brain was working overtime trying to figure out what he was talking about without him knowing that I didn't have a clue. So I asked him "Do you like it?" He said "Most of the time, It's a lot of fun."

Wow, he didn't give me much to work with. I had to figure out a way to get him to explain it to me so I could understand what he was talking about. I smiled at him and said "Tell me more about your pickup riding." Bobby said "When ever a stable has a trail ride, everybody saddles their

horse up and there are usually a couple of horses left in the barn that nobody rides or doesn't want to ride." He said "Since I don't have my own horse anymore, I get to ride what's left. The horse gets some exercise and I get to ride a lot of different animals."

Now I'm beginning to understand him. He picks up what's left at the barn and rides them. I said "Bobby, you have to be able to read a horse's body language and figure out how to handle him pretty quick. I bet you've had some wild rides." He said "Yeah, sometimes." I think Bobby was just being modest. So now I think I understand. A pickup man is just another term for a good modern day cowboy.

You can email me at Allen@TwinRiversRealty.com or call me at 804-690-7870. I'll see you on the trails.

Nikki-Dee Ray Visits Cool Spring Elementary

Second grade class posing with Nikki-Dee Ray.

Nikki-Dee Ray with some of the staff of Cool Spring.

Story by Florence Cooke

Pictures by Penny Walker & Ellen K. Otey

Emmy Award winning Meteorologist Nikki-Dee Ray visited the second grade classes at Cool Spring Elementary School on June 7th.

Nikki-Dee told about herself and how she got to be a meteorologist. Since graduation from college, she has done weather for nine years. She came to WTVR CBS 6 in Richmond from Texas three years ago because her grandparents live in Virginia.

She talked about weather and how important it is in our lives. Her comment was, "As an on-air meteorologist I strive to be an easy-to-understand translator and trustworthy friend to the community I serve. I know that when folks tune into the weather, they want the information pertinent to prepare for their day."

Several children helped her forecast the weather and show how it is done every morning.

The students had many questions for the very friendly Nikki-Dee and she graciously answered all of them and had pictures taken with everyone.

She told the children something about her personal life. At 31 years old she has a husband who works from home and takes care of their infant son. Her bedtime is 4:30 p.m. until 12:45 a.m. She is on the air from 4:30 a.m. – 9 a.m. with lunch at 9:30 a.m.

When asked if "Nikki-Dee Ray" is her real name, she answered, "My first name is "Nikki-Dee" and I don't have a middle name. My name is very southern and different. It fits me. Thank you, Mom and Dad."

Her advice to the students was to FOLLOW YOUR DREAMS.

Letters to the Editor

Dear Editor,

It's not about where you live but how you live that defines people

Spring is here King William County Residents! The grass, trees and flowers are growing everywhere and when you travel throughout the county, the new growth is beautiful! But don't be deceived! It camouflages' what actually lies along the road and ditches – litter. As you watch the “new” litter accumulate on top of the new grass and growth, remember that there are already layers of beer cans, soda bottles and other trash under this new growth, and new accumulation of litter.

Society has progressed scientifically, medically, and technologically. Yet we are destroying our ecosystem, polluting our ground water, and littering our land. King William is a rural community and a watershed to the Chesapeake Bay. We take pride in our county, but we don't take care of it. It's not about where you live but how you live that defines people. County residents work hard to make a decent living for themselves and their kids. We expect a good school system to educate our children. We expect our county government to make sure emergency services are provided for all residents. Yet we destroy and pollute the very ground we get our water from.

Each resident of the county, as well as business owner's, has a responsibility to dispose of their own trash and to reuse and recycle when possible. It is against the law to steal and murder. But do we consider that it is also against the law to litter? When this generation is gone, and our decedents are dealing with the ramifications of litter, they will have to clean up the mess we leave them. Our generation will be called the plastic generation. The history books will not say nice things about the trash we left behind.

There may be some that flippantly disregard this call to action. Cleaning up trash is menial labor and requires a person to exhibit humbleness in taking on a task that others choose not to do. Forbes magazine and the Harvard Business Review magazine characterize humility as

the fundamental top quality of a leader. That is the entire theme of the Bible. In order to be great, you must be humble.

So what is the action plan? 5 behaviors residents can implement in day to day activities to make a difference in our county:

Recycle – 1 container for paper, 1 container for commingled (plastic, glass & aluminum) when you rinse out the container you are recycling, you get rid of “trash” smell in your kitchen and there will be less actual trash.

Carry a bag for trash in your vehicle and when filled with trash, deposit in a trash container – not out the window of the car.

When walking to a store from your car, pick up a piece of trash on the way and deposit in the stores trash can. Every little effort makes a difference.

Choose a section of a rural road and pick up 1 or 2 thirty gallon trash bags of litter. Enjoy the satisfaction of doing something good, and humble.

Plastic bags from the grocery store can be returned to the grocery store for recycling.

Commercial businesses are also required by county ordinance to keep litter off of their sidewalks, parking areas and adjacent areas. Collectively, businesses and citizens can make a difference. Due to recent emphasis on the responsibility of commercial businesses, local business owners are making efforts to clean up trash surrounding their establishments. Residents, clean the litter up around your home, or down the road to your home.

Let's make a visible change in King William. The visible change is pride for our rural community, demonstrated by keeping trash off of the roads and property in King William. Please don't litter. The visual ugliness is only the beginning to what litter damages in our environment, creating air, water and ground pollution. But we know this, right? Then let's put into action our understanding of the problem. Otherwise, this is our legacy and inheritance to our ancestors.

Dear Editor,

Troika Dictatorship in King William

Question: what great country uses the Constitution to govern? If you answered America, you are correct! What is this country called? Answer: a Constitutional Republic. Question: what method does King William use to govern? Answer: Traditional County Form of local government, which is the Board of Supervisors. Was this method designed to be a Socialist dictatorship? No, but it has become so. Three men have determined to follow Chuck Schumer's call for every Democrat to lockstep their opposition to President Trump and Constitutional government. Greenwood, Hodges and Moskalski have seen that this method of political opposition to the President has partially worked, so they decided that this would also work in King William. Hence, KW now has a Socialist troika dictatorship. Their bond with each other to oppose any transaction that they deem unacceptable is evident. Any transaction that they determine will benefit them, they approve. (What is Socialism? *The intermediate phase of social development between capitalism and full communism. This is a strategy whereby the state has control of all key resource-producing industries and manages most aspects of the economy, in contrast to capitalism.*) These three supervisors are so committed to a Socialist government that there is no way they can be stopped. Supervisor Ehrhart and Hansen might as well not attend any BoS meeting, public or private because they have been effectively silenced. Any vote on any issue is always three votes against two votes. The main objective of Socialism, and eventually Communism, is to silence its opposition, and in totally Socialist countries, like Venezuela, for example, murder and assassination is used. That method wouldn't work too well in this county, not yet anyway, but another type of assassination has been used, twice as we know of, and this was character assassination against Mr. Hansen. Even delegate Chris Peace jumped on their

vitriolic denunciations of Mr. Hansen with his own self righteous voice. This power contrived and implemented by these men have their willing supporters throughout every department and in the citizenry. Do not think for a second that this power isn't recognized by county employees. Any request by any department can be had as long as there are tax monies. The school board, a nationwide Socialist institution, gleefully supporting this three man BoS, now has free rein in requesting and receiving any monetary requests, or anything else! Any programs these three men devise to raise taxes, spend whatever they want, create departments whenever they want and however they want, if it requires a vote, will be approved. The Tea Party formed to inform citizens of government waste, is now just a thorn in the side. Opposition is ignored. There are citizens slithering around in this county that want a Socialist government so badly, their forked tongue can taste it. This compromised governing body has happened because the citizens of this county are ignorant of the influential massive power in and from Washington that wants total destruction of the Constitution and capitalistic government entities anywhere. We see that there are willing adherents. Citizens have become sheep and the wolves are about to have a feast. The BoS in its current configuration is a dictatorship and it cannot be overthrown, unless there is a turncoat. You get what and who you voted for.

ALLEN

George William "Bill" Allen

George William "Bill" Allen, 88, passed away June 11, 2018 to be with his Lord and Savior, Jesus Christ. He was born on Nov 27, 1929 in Rutherford County, NC and preceded in death by his father, George Sabe Allen, mother, Alma Rena Baynard, sisters, Madge McGimpsey, and Frances Allen and brother Robert "Bob" Allen. He is survived by his loving, devoted wife Doris (Tomlinson), daughter Rena Allen, son Mark B. Allen, sisters Lois Yelton of Naples, FL and Joyce Guffey of Florence SC, and brother Dan Allen of Florence SC along with many nieces, nephews and cousins. Bill worked over 70 years in the retail furniture business. After finishing high school and honorably serving two years in the U.S. Army, he returned home to assist with the daily operation of his father's furniture store in Spindale, NC. He later moved to Richmond, VA where he worked at several retail furniture stores including Haverty's, Sydnor and Hundley, Roundtrees and Segal's. In 1971, with his wife Doris, he started his own retail furniture store, The Old Red Store, in the

family's living room. After moving into an old general store located at the corner of Mountain Rd and Old Washington Hwy in Glen Allen, VA, The Old Red Store, quickly earned a reputation for offering a wide selection of high quality furniture at bargain prices in a "no frills" warehouse style showroom. The Old Red Store moved to its present location in Aylett, VA in 1978. Together Bill, Mark and Doris continuously operated The Old Red Store until Bill's retirement in 2013. His retirement marked the end of over 40 years of doing what many said could not be done: "Selling good furniture at great prices out of a red barn that was cold in the winter and hot in the summer." Bill was lifetime member of the American Legion and Western Star Lodge, Rutherfordton, NC. Bill also had a short career in politics when he was appointed to the King and Queen County Board of Supervisors to fill an unfinished term from June-December 2000. When Bill wasn't selling furniture at the Old Red Store, he enjoyed spending time with his wife and children. He loved to fish with his daughter, Rena, and fly with his son, Mark. Thank you to all of the business associates, and customers who helped make The Old Red Store a success and a dream come true for Bill. Doris, Mark and Rena will be forever grateful to all of the friends, neighbors and caretakers who helped ease Bill's suffering in his last days as he fought his ailments to the end. Visitation will be held at 12 noon followed by the funeral service at 1pm at B.W. White Funeral Home in Aylett, VA on Thursday, June 14, 2018. Immediately after the funeral, a burial service will be held at Providence United Methodist Church located at 3844 Poor House Lane, Bruington, Virginia. In lieu of flowers please donate to: Providence United Methodist Church Building Fund 14519 Richmond Tappahannock Highway St. Stephens Church, VA 23148.

Desire of the Heart

By Brooke Dudonis Butler

Brooke Dudonis Butler and Michael L. Martin held an opening reception at the Tappahanock Artist Guild titled "Desire of the Heart." The show, which contains various works ranging from graphite drawings to photography will remain up until Sunday, July 8, 2018.

Nearly two decades ago, among paint flecked tables and easels, art introduced Brooke Dudonis Butler and Michael L. Martin. Art, when it is at its finest, brings people together, it inspires, and it sears imagery and ideas into our collective consciousness. Whether by chance or fate they both pursued a degree in illustration, and their lives have been intertwined ever since.

Brooke's lifelong love of the Arts started at a young age when her mother, Judith, asked her to paint a rose for her. Seeing how much her mother loved the painting, she knew she wanted to be an artist. Later, in Monacan High School she continued to refine her abilities as an artist. She excelled and was elected President of the Student Body. She was also inducted to the National Art Honor Society and the youngest in Chesterfield County to be inducted in Quill and Scroll Honors Society. She was accepted to VCU and graduated with a Bachelors degree in Illustration in 2002.

While at VCU she served as Clerk of the Senate for the Student Government Body and represented VCU as a princess in the Shenandoah Apple Blossom Festival. She interned as a graphic designer with Allied Signal and she also modeled for VCU's spring fashion show. Brooke has had her work shown in Richmond, Virginia, Time Square, New York & Miami, Florida. She has also had her work displayed in the House of Delegates for the state of Virginia and the House of Representatives in Washington, D.C.

Brooke also has had her artwork published in medical journals, and she has won numerous awards for her artwork and photography. Brooke won first place in "Capture Maymont" photography contest. She was approached by a representative of Merrill Lynch to purchase the photograph.

Brooke Dudonis Butler and Michael L. Martin

Today she represents a stable of artists, is a youth minister, and she is the lead art teacher for Collegiate School's Cougar Quest.

Michael developed his love for arts at a young age as well. He likes to say that his mother, Anita, introduced him to art when she gave him bulletins to draw on during church services. Michael had great art teachers like Mrs. Etra Jackson in Elementary School and Ms. Williamena Herren in High School that helped to develop his skills and further foster a love of the arts. He graduated from Central High School in King and Queen before attending VCU, where he too earned a degree in Illustration. His professors were masters of their craft and he continued to gain knowledge under exceptional teachers like Durwood Dommisie.

Michael graduated Magna Cum Laude and with University Honors in 2002. Since graduating, he has continuously created works and won awards throughout The Commonwealth in shows at Art Works in Richmond, Art Speaks on the Bay, The Wakefield Flower and Art Show, The Mathews Art Guild Show, and The Tappahannock Artist Guild Show. He has also had work displayed in the Virginia Artist 2015 show.

Come experience the joining of two unique artists in one unforgettable display. At the Intersection of Life and Love... is Art.

Stewart & Williams Win Primary Elections

By Gene Campbell

King William voters headed to the polls on June 12 for a Dual Primary Election where Republicans and Democrats voted for candidates to compete in the November 2018 elections. King William went the way of the rest of the Republican voters in the state as Corey Stewart won the right to challenge incumbent Democratic Senator Tim Kaine for the US Senate. On the Democratic side King William also went the way of Democratic voters in the First Congressional District as Vangie A. Williams won the right to carry her party's banner in her effort to unseat Virginia's First District Republican Congressman Rob Wittman in the US House of Representatives.

Stewart, a Prince William County official, took 47% of the King William Republican vote pulling ahead of State Delegate Nick Freitas's 45% with

minister E. W. Jackson coming in a distant third at 8% of the vote. State wide there was not much difference in the percentages as Stewart took 45% of the vote to Freitas's 43% and again Jackson came in a distant third at 12% of the vote.

Williams, a strategic analyst for a federal contractor and mother of six from King George County, had a much easier time as she took 58% of the King William Democratic vote with John Suddarth and Edwin Santana, Jr. coming in at 27% and 15% respectively. Overall in the First District, Williams won 40% of the vote with Santana pulling in 33% and Suddarth 27%.

King William has 12,067 registered voters but only 1,245 or 10.3% ventured out to the six county voting precincts to cast their ballots. When the election rolls around in November please do your civic duty and go to the polls and vote.

The greater our knowledge increases the more our ignorance unfolds.

Letters to the Editor, continued

Yesterday as I was crossing 360 to go home. I saw this flag lowered to half staff. So while waiting for traffic to go by I snapped this picture. I know it is in honor of the one and only Carroll Lee Walker. He was a very brilliant man with a heart of the universe. If you look around you will see just how much he loved us all too with the touch of his work everywhere. I was a very lucky person while Mr. Walker was here. I was an employee of his. I have received donations from him for the little league all stars. I was able to watch the landmark of Prestley Farm transform into Prestley Park. He was the man that did this. He gave a million contributions to our community. He gave to people who needed

help. He gave to buildings that needed life again. He gave smiles to our face as we saw the wonderful changes. He was a masterpiece maker. As I get to look out the window of my job everyday and see this very view. I will always know he was the one that saved it from falling to the ground. He saved the landmark that so many from years before and years to come have looked for and will continue to look for as they travel. So I want to say in honor of Carroll Lee Walker and as the flag drifts in the wind half staff in your gracefulness. We want to thank you for all the beauty you have done and we will never forget you

MPRA's 28th Annual River Cleanup & Picnic

The Mattaponi & Pamunkey Rivers Association had a volunteers picnic on Friday, June 15th at Campbell's Pavilion on the Mattaponi. More than 40 people enjoyed fried chicken and BBQ prepared by All Stewed Up Catering. Volunteers picked up supplies donated by the Alliance for the Chesapeake Bay and cleaned up local shorelines, boat landings and highways on Saturday. MPRA encourages local citizens to continue picking up trash to keep our waterways clean. Members also discussed ways to cut down on the use of single use plastic items by carrying refillable water bottles, refusing plastic straws in restaurants and taking personal reusable shopping bags to stores. Much of the trash volunteers picked up Saturday were plastic bottles, cigarette butts, plastic packaging and straws. Keep our rivers and highways clean!

The Team-Pitts Cleanup Crew

The MPRA thanks the Campbell family, MPRA volunteers and our generous sponsors: Alliance for the Chesapeake Bay, WestRock, Schools and Barnette, Tucker's Recreation Park and Boat Rental, Gilgat Foundation, Scott's Store, The Monday Club, Garden Club of the Middle Peninsula, Three Rivers SWCD, United Steelworkers Local 8-0467 and Baylands Family Credit Union for supporting River Month and MPRA's educational programs.

If you wish to join or follow the MPRA visit online at MPRA.org or [Facebook.com/MPRA.org](https://www.facebook.com/MPRA.org) - a Family Membership is only \$15.

Gloucester Arts Festival Announces Winners of 2018 Juried Show

FOR IMMEDIATE RELEASE

GLOUCESTER, Va. – The Gloucester Arts Festival recently announced the winners of its 2018 Juried Show, selected by the event's juror, Jeff Harrison, Chief Curator Emeritus at the esteemed Chrysler Museum in Norfolk.

"I was thoroughly impressed with the consistently high quality of the work in the show, and stunned by the phenomenal technical mastery the artists revealed – which made assigning the awards extremely difficult," Harrison said during the opening reception held June 1 at Gloucester's Arts On Main.

The Gloucester Arts Festival 2018 Juried Show was open to artists 18 and older who live within the Mid-Atlantic states of Virginia, North Carolina, West Virginia, Pennsylvania, Maryland, New Jersey, Delaware and Washington DC.

Of the more than 70 applicants received, 25 artists were accepted and invited to participate in the Juried Show. Artists were judged according to a set of objective criteria, with Harrison looking for authenticity, modernity, and directness of artistic expression, among other characteristics.

"I congratulate all of the artists on their work, and more importantly, to salute them for pursuing the artistic path, for choosing to bring their creative power to bear on explaining the inexplicable, to struggle to give shape and meaning to this very strange and often beautiful experience that we call life," Harrison said. The 2018 Juried Show Awards were presented in three categories.

Best Body of Work, the top prize which

recognizes the overall exceptional quality of an artist's entire installation, went to Holland Wentz Etheridge of Hampton whose work earned her a \$2,000 stipend and a coveted opportunity to mount a future solo show of her work in the Arts On Main gallery.

Awards of Excellence, given for specific works of art on display, were presented to by Tommy Fox of Kilmarnock for "Note to Self," Robin Harris of Charlottesville for "Red or White," and George Jennings of Tappahannock for "Stories to Tell." Each Award of Excellence winner received a stipend of \$1,000.

Certificates of Merit for Body of Work were awarded to Nancy Topping Bazin of Norfolk, Victoria Martin of Henrico, Mary McCormack of Williamsburg, and Kathleen Noffsinger of Hartfield.

Other 2018 Gloucester Arts Festival events included two plein air (open air / outside painting) events, a Symphony Nocturne Paint Out at Gloucester's annual Symphony Under the Stars concert, a Small Painting Sunday, and a live public mural painting demonstration by Detroit muralist Louise Chen Jones.

The 2018 Gloucester Arts Festival concludes June 30 with A Night of Romance starring LA-based performer Elijah Rock and the Virginia Symphony Jazz. Culminating the month-long celebration of the arts, this nearly sold-out concert takes place at the Inn at Warner Hall, with catering by Waypoint Seafood & Grill.

King William-Dawn Community Doctors Celebrates National Health Center Week

National Campaign Celebrates Health Care Heroes

King William-Dawn Community Doctors (KWDCD) will have a booth at King William Fest to mark National Health Center Week 2018. The event will be held from 10:00 a.m. to 2:00 p.m. on August 18th. The booth will include face painting and information about healthy habits. It will take place at King William Rec Park, 11615 King William Road, King William, VA. The event is part of a national campaign during the week of August 12th-18th to raise awareness about the mission and accomplishments of America’s Health Centers and the dedicated staff who bring health care to the medically underserved. KWDCD is part of Central Virginia Health Services (CVHS), a non-profit community health center and Virginia’s oldest community health center. In addition to medical care, KWDCD also offers behavioral health services. Along with other health care safety net providers, the health center plays a key role in the community’s health. KWDCD takes most insurance plans and offers an income-

based discount for services for low-income families. The heroes who work at health centers and help make affordable health care possible for people in need are at the center of this year’s NHCW. More than 205,000 people work at health centers in positions that include clinicians, nurses, pharmacists, social workers, dentists and dental hygienists, behavioral health specialists, and much more. Working together, these health care heroes produce innovative solutions to the most pressing health care issues in their communities. They reach beyond the walls of conventional medicine to address the factors that may cause sickness, such as lack of nutrition, mental illness, homelessness and substance use disorders. It is their work that has helped reduce health care costs and reduce chronic disease, generating a record of success and along with it a long tradition of bipartisan support in Congress.
