Congratulations !

Walkerton Patriotic Boat Parade

Samantha McInteer

On June 27, Samantha McInteer left her home in King William to compete in North Carolina with her scholastic clay target team, Carolina Clays, in the 2020 Mid-Atlantic Regional SCTP Trap Shooting and ATA Championships. Sam joined Carolina Clays earlier this Summer and has been making the trek to Reidsville, NC to practice with her new team regularly. Sam stole the competition winning the Ladies High Overall award for SCTP Mid-Atlantic Trap singles and High Over All ATA Trap Challenge. She also won the High Over All Intermediate Division Trap Challenge and 1st place SCTP NC State Champion. The competition consisted of shooting 100 rounds of single trap, 100 rounds of handicap trap and 100 rounds of doubles trap. Congratulations to the young lady on all her trophies and wins!

Walkerton Patriotic Boat Parade going under the Walkerton Bridge

By Armistead Saffer

The inaugural Walkerton Patriotic Boat Parade took place on the 4th of July on the Mattaponi River. About 45 boats met up in front of Dick Campbell's Cottage and paraded up river to the Walkerton bridge led by the 38 Special, a vintage trawler built circa 1938. The bridge displayed a giant American flag and was lined with spectators as the boats passed under it. The King William Sherriff's office also participated with Sherriff Jeff Walton and Sgt. Mike Williams on board. Many of the boats in the parade were decorated and awards were given to the best three boats.

Comet Neowise

Comet Neowise over Aylett on July 16th

By Armistead Saffer

Have you seen Comet Neowise? It’s visible an hour after sunset in the North West sky below the Big Dipper. It’s best to view it on a clear night. Using binoculars will help because it’s sometimes difficult to see with the naked eye.

Comet Neowise also known as C/2020 F3 will be closest to earth on July 23rd. It will be 64 million miles from our planet. Comet Neowise was just discovered in March by NASA’s space-based telescope also called NEOWISE that searches for dangerous objects headed towards Earth. NEOWISE is an acronym for Near-Earth Object Wide-field Infrared Survey Explorer. NASA’s NEOWISE telescope has been in orbit for ten years. Comets are usually named after who discovers them.

Comet Neowise will only be visible through mid-August. Get out and try to see it. It won’t return to Earth for another 6,800 years!

Celebrating Our 122th Year!

A 122 Year Tradition of Caring

8014 Lee Davis Road, Mechanicsville • 746-8665

Bennett Funeral Home was established in 1897 to serve the needs of Richmond families. Since then, this locally owned and operated business has continued to serve the community with its unique combination of caring and convenience.

This tradition of excellence can be seen in the four beautiful chapels located throughout the Richmond area: centrally located on Cutshaw Avenue in the city, on Broad Street Road past Innsbrook, serving the Hanover-Mechanicsville area on Lee-Davis Road and Chesterfield Chapel on Ashbrook Pkwy. in Chesterfield. All four facilities are under the personal direction of Charles D. Morehead, President.

In a time of need, you can turn to Bennett Funeral Home with trust and confidence. It serves families of all faiths with personal service, before, during, and after. There is a long tradition of professionalism and caring.

One way in which Bennett cares for families, is by offering a convenient and personalized pre-need program. Through this program pre-need planning, you can spare your loved ones the burden of making decisions at an emotional time. Call Bennett Funeral Home at 746-8665 to schedule a pre-planning consultation.

Hot and Humid

By Allen Brintley and "Pip"

The weather lately has been pretty hot. With the temperatures and humidity in the upper 90's, Pip and I both can just stand in the shade and sweat. I guess it's just that time of year for it. It does create some things to be aware of. It's easy for your animal to get overheated. Make sure they have plenty of fresh water and a shady spot or a cover from the sun. Also, trying to get fly spray to stay on Pip and not get washed off by sweat or occasional rain. I did see some fly spray that says it is sweat and water-resistant. It reminds me of that hairspray women use called water-net or aqua-net or something. You know that kind that keeps their hair in place even in a hurricane. My Granddad use to tell me to be careful about getting something that soap and water won't wash off. I'll have to check into that new fly spray a little closer and may give it a try.

There was a little old lady that heard a noise out front of her house one hot summer day. She looked out the front door to see a young boy had run a hay wagon

in the ditch and turned it over in her front yard. It was so hot, she called to him and said "Young man, take a break and come get something cool to drink." The little boy said "Thanks just the same, but I need to get this hay wagon upright or my Pa is going to be upset." She said "Nonsense. It's so hot outside, your Pa won't be upset if you take a few minutes and rest in the shade." The little boy said "Yes ma'am he will. My Pa will be very upset if I don't hurry and get this hay wagon back upright." The little old lady said "I don't understand. Where is your Pa?" The little boy said "Under the wagon!"

You can email me at Allen@TwinRiversRealty.com or call 690-7870. I'll see you on the trails.

Letters to the Editor

Dear Editor,
REC election process

I want to begin by strongly encouraging all members of the Rappahannock Electric Cooperative (REC) to participate in the REC election process. I also want to strongly endorse Sanford Reaves, Randy Thomas and Gene Campbell for re-election.

Why vote for the incumbent directors? They have all worked diligently to find the right balance between **reliability, affordability and sustainability**. All three have been part of the budget process to ensure projects funded will maintain **reliability** of the REC network. They understand the financial struggles facing REC's members and understand electric bills can be a major part of their budget. All of them take very seriously the responsibility to analyze and approve budgets for projects that will bring the greatest cost/benefit to keep the cost of power **affordable**. Along with all REC Directors, they care about the environment. To be environmentally **sustainable**, Cooperative Sun Share was introduced, and more renewal energy is continually being added to REC's power supply. While sustainability is important, your REC directors understand it must also be balanced between having an affordable and reliable power supply.

As you participate in the REC election process please be assured that whether it is finding viable solutions to rural broad band, or keeping your electric rates affordable, Sanford, Randy, and Gene are all committed to serving the members of REC in a balanced, transparent and accountable manner. Please vote to re-elect Sanford, Randy and Gene so REC can continue to maintain the right balance between reliability, affordability, and sustainability.

Chris Shipe,

Chairman of the REC Board of Directors

Dear Editor,

A Thank You Letter To KQPS

With all the craziness that's taken place with Covid 19 and school systems shutting down, I want to thank all those involved with the King and Queen School system for a very special service performed for our son, Jeremiah Morris. You see, King and Queen Central High School will be having their graduation "tentatively" July 24th and our son had joined the early enlistment program with the army and would be leaving for Fort Jackson South Carolina on June 15. The principal at Central High School called us and asked if they could hold a commencement service, just for Jeremiah, as he was the only student that would be unable to attend the regular service. He was allowed to march into the auditorium with "Pomp and Circumstance" playing, joining the superintendent of schools Dr. Carter, current and former Principals of CHS Ashley Reynolds, and Mr. Mckellar respectively, school board member Harwood Hall and many other teachers and staff. There were speeches and presentation of diploma, as well as gifts and pictures being taken. It was truly an outpouring of love from our Tiger Community for our son. It was an awesome ending to his high school career and for that we are truly thankful.

Sincerely,
Joe and Lori Morris

King William Ruritan Club Receives \$2,500 Donation

President Mike Morrison (left) receives the \$2,500 America's Farmers Grow Communities donation from club member Butch Davenport (right).

By Gene Campbell

Local farmer and King William Ruritan member Butch Davenport was recently selected by the Monsanto America's Farmers Grow Communities Program sponsored by the Bayer Fund to receive \$2,500. Butch directed the money to the King William Ruritan Club. The Grow Communities program's

purpose is to make a positive impact in farm communities by partnering with farmers to support nonprofit organizations in their communities. Since the program began in 2010, farmers have directed more than \$30 million in donations across a broad cross-section of organizations that make up the character of America.

PARADE, continued from front page

First Place: Scott and Donna Hamilton; Second Place: Crystal and Vernon Schools; Third Place: Johnny Harrison and his crew.

The Patriotic Boat Parade was organized by a group of friends who frequent the Mattaponi. It was a spur of the moment idea. They created a Facebook page and event called "1st Annual Walkerton Patriotic Boat Parade." T-shirts and hats for the event were sold - If you didn't get one they're available at Scott's Store. Parade organizer Josh Fisher stated, "We want to thank the community for their support." The parade will be an annual event and they hope to double the number of boats next year. They are also planning a lighted Christmas parade.

Deputy Commonwealth's Attorney, continued from front page

Tiffany's legal experience includes a Judicial Clerkship with the Sussex County Family Court in Georgetown, Delaware, serving as a Magistrate in Hopewell, VA for two years, and as a Supervising Public Defender at the Richmond Public Defender's Office for 4 1/2 years. In June 2018, Tiffany relocated back to West Point after accepting a position with the Gloucester County Commonwealth's Attorney's Office, where she remained

until joining the King William office. Tiffany shared that she was honored to join this team, led by Mr. Kite, and looks forward to expanding her legal knowledge and experience for the betterment of the community. Having grown up in West Point and now raising a son of her own in the County, she feels that this opportunity will afford her a platform to help keep this county and its citizen safe, and to ensure that justice is being sought for all.

King William Fire Destroys Two Homes

The remains of two homes

Story by Florence Cooke
Pictures by Brett Otey

Around midnight on Friday night, July 10th, a fire on Mount Olive Road destroyed a house and mobile home belonging to Martha Stewart. She and her five grandchildren were getting ready to move from the house into the mobile home. The fire was a total loss of the house and mobile home and there was no insurance on either.

Fire units from Walkerton, Mangohick and King William were on scene for several hours and then again on Saturday morning for hot spots. The King William Ruritan Club is donating \$500 to help support the cleanup of the site so the family can bring in another mobile home. The estimate for the cleanup container to haul the debris away is approximately \$1,500.

The grandmother, four grandsons – ages 16, 13, 13, and 11 and one granddaughter – age 12, need clothes. The clothing and shoe sizes are: Grandmother: Size 12 pants and XL tops;

Girl – Size 14 pants, large tops and size 9 shoes; Boy #1 – 30/32 pants, large men's shirts, 12 ½ shoes; Boy #2 – 30/30 pants, large men's shirts, and 9 ½ shoes; Boy #3 – 14/16 pants, medium boy's shirts and size 8 shoes; and Boy #4 – 12/14 pants, medium boy's shirts, and size 7 shoes.

Randy Shank of the King William Emergency Ministries is working with the King William Department of Social Services to meet the needs of the family. If anyone wants to help the family with a taxable donation, please send it to Mr. Shank at 934 Garnett's Mill Lane, Walkerton, Virginia 23177. Please mark "Martha Stewart."

Mrs. Stewart's daughter, Cassandra Richardson, stated, "We want to thank everyone for chipping in to give us a helping hand and extend thanks to everyone who has helped us in any way. It is a blessing for everyone to come together to help families in need."

King William High School Graduation Celebration

Lani Bareford.

Lexi Bareford.

Article By Micheal Kimble

King William High School celebrated its class of 2020 in an unprecedented but fitting and memorable graduation ceremony on June 23rd, 24th, and 29th. Because of the COVID-19 pandemic, the school was not able to celebrate in its traditional fashion but was still able to put together a ceremony that served as a satisfying ending to the graduating students' high school career. "The class of 2020 at KWHS is a special group of students who will go on to do great things. They are a passionate group of young adults who will begin to make a difference in our community in the near future. We are proud of who they have been for

the last 4 years and we are excited about their future successes," stated principal Corey McConville.

The ceremony took place over the course of three evenings, as the first half of the graduating class participated in the June 23rd ceremony, the second half participated the following evening and a makeup day occurred on June 29th. "With the uncertainty of COVID -19 we made the decision to move graduation up to June 23rd. From the outset of the pandemic, we wanted to ensure that seniors had the opportunity to walk across the stage.

Memorial

Casey Ryan Bohr July 6, 1987-November 26, 2010

My young son,

You were taken away from us way too soon. We surely were not ready to let you go. You would've been 33 today, still so young. Your dad, brother and I have kept on going without you. It has been so hard not to see you and hear your voice and that laugh! We'd laugh at you, laughing at the way you laughed at your jokes!! You were the most loving and godly young man and I learned from you. You helped me be a better Christian. The only color you saw was in the sky, a blade of grass, a big ol jacked up truck!! You loved everybody and everybody loved you!! We love you and miss you beyond measure.

~your wings were ready but our hearts were not~

Till we meet again - love you forever
Mom and dad

GRADS, continued from page 9.

I am very grateful to my staff for putting together a memorable event! There was a lot of work involved, but my staff was glad to do it in order to help our seniors celebrate," stated Mr. McConville, who also credited the KWHs community for making it to ensure that seniors had the opportunity to walk across the stage.

Each student had a block of time where they came to the school, received their diploma, and was congratulated by the King William High School administration. Each member of the class of 2020 walked across the stage! Over 160 students participated over the three nights as this deserving group of students prepares to embark on the next chapter of their lives. The entire ceremony was recorded. Seniors will receive a video of the special event and

a professional picture as a thank you, as well as a way to remember their graduation celebration!

During the ceremony, speeches were given by the co-valedictorians (Channing Pitts and Meghan Gilmer), salutatorian (Zoe Wilson), and class president (Corey Stewart).

Pictured are twin daughters of Jennifer Bareford an instructor at Cool Spring Primary School. Alanah is planning on going to VCU to study radiation sciences and become an ultrasound clinician. Alexis is planning to attend RCC to get her associate's degree. Both were very active with clubs while at KWHs. Alexis was member of the FFA and DECA all four years and Alanah a member of SODA and NHS.

Local Woman Wins Awards for Rare Bantam Chickens

Barbara Morgan and Winning Serama

Story by Florence Cooke

Barbara Morgan of King William has an unusual hobby – she is dedicated and passionate about raising and showing serama bantam chickens. They were imported to the United States from Malaysia in 2000 by Jerry Sxhexnayde.

Serama bantams are the smallest bantam chicken in the world. They weigh between six ounces for a tiny hen to a little over a pound for a male. Bred for exhibition they live inside and should not be put in a chicken house outside. They can be any color and are bred in three feather types – smooth, silkied and frizzled. Seramas have a stunning soldier like appearance standing at a 90 degree angle. The ayan serama stands even more upright with a back tail angle.

Mrs. Morgan states: "When I lived at Waterloo in Albertson, North Carolina, I became interested in Seramas and purchased the beginning of my strain from the best birds I could find. It is important to me to bring out the natural qualities of the Serama and try to breed to perfection."

She has about 100 Seramas of all three breeds and all ages in cages in a chicken house under a big shade tree with a fan blowing to keep the bantams cool. There are lots of crowing roosters and flapping of wings and quiet music playing on the radio. Mrs. Morgan is very devoted to these Seramas and makes sure the water and feed are replenished two times a day.

The wall in her den is covered with ribbons won since she began showing her seramas. She is frequently a winner in the Tabletop Champion Class. In watching these beautiful birds perform on a tabletop, a bird will show off by dancing, crowing, flapping of the wings – all with an air of greatness. They are getting everyone's attention by craving attention.

She is district representative of the Serama Council of North America – Mid Atlantic Region which covers Delaware, District of Columbia, Maryland, Pennsylvania, Virginia and West Virginia. In the last month she won three rosettes at the Mid Atlantic Regional virtual show and two rosettes in the National Finals virtual show – one Champion and one Reserve.

According to Mrs. Morgan, "Seramas have an adorable and engaging personality and make great pets for everyone – especially children. Encouraging local people to breed Seramas to the standards as approved by SCNA is very important to me. I feel that I am a true Serama Enthusiast and enjoy this great hobby."

King and Queen Citizens Receive Meals

Story by Florence Cooke

Picture by Brett Otey

On Monday and Wednesday afternoons at 4 p.m., volunteers drive up to the front door of Vinny's Italian Grill and Pizzeria at Central Garage to receive 55 – 60 prepared meals to be distributed to citizens of King and Queen County.

These citizens are participating in the Helping Neighbors initiative provided by Bay Aging. This initiative is offered to those 60 and over or individuals with underlying health issues. According to Lauren Cobb from Bay Aging, "The program was launched to help those vulnerable to the virus stay safe at home. The program matches volunteers with clients in need of grocery and pharmacy pick up. It was also a way to help stimulate the local economy by partnering with local restaurants to provide warm meals twice a week to clients working with 14 different restaurants across its ten county service area providing over 1,400 meals a week."

Vinny's is serving the recipients in King and Queen county. The meals have consisted of

blackened chicken sandwiches with chips; Philly steak salads; baked spaghetti, baked lasagna, and hoagies with chips. The management at Vinny's state, "We are proud that our restaurant was chosen serve our community."

King and Queen and King William citizens are still eligible for the regular Meals on Wheels program offered by Bay Aging.

If you are interested in programs offered by Bay Aging, please call the Bay Aging office in Montross at 1-800-493-0238.

King and Queen County Public Schools Reopening Plan for 2020-2021

"King and Queen County Public School Board approved a Reopening Plan for the 2020-2021 school year on July 15, 2020. King and Queen Public Schools (KQPS) schools will begin the 2020-2021 school year on Tuesday, September 8, 2020. This later start date provides additional time for the staff to prepare for instruction through a hybrid in person and remote learning model. It also ensures buildings are outfitted with the necessary items to support a safe and healthy learning environment.

Students in grades PK-7 will follow an AA/BB schedule. Students in Group A will receive instruction on-site Monday and Tuesday and work remotely from home Wednesday through Friday. Students in Group B will work remotely from home Monday through Wednesday and receive instruction on-site Thursday and Friday. Wednesdays will be utilized for cleaning procedures, teacher planning and professional development.

Students in grades 8-12 will follow an A/B/C schedule. Grade 8 will attend on A days; grades 10 and 12 will attend on B days and

Grades 9 and 11 will attend on C days. Student schedules will be based on a 7-period day for the 2020-2021 school year. Teachers will utilize non-instructional time to provide remediation, plan for remote learning and participate in professional development.

Any siblings throughout the division will be on-site the same days, regardless of which schools they attend. Students will be required to wear masks on the bus and in the building when 6' distancing cannot be maintained. The division will request a variance to have students sit one per seat and will maintain physical distancing on routes with fewer students.

Families can select a virtual-only learning option if they would prefer. Families must have internet access or the means to access through other options such as driving to an area with open WiFi access. More detailed information is forthcoming in reference to class schedules, transportation and virtual learning options. Information will be posted to the division website and Facebook pages as well as mailed to all families."

David Townsend, D.D.S. Retiring

I have enjoyed being your dentist. I am announcing the closing of my dental practice upon my retirement effective August 31, 2020. I have practiced dentistry in this community for forty-four years, and I have chosen to bring my active practice to a close to spend more time with my family.

I am very fortunate to have practiced dentistry in a community that supports my efforts so greatly. I have enjoyed our friendship and your commitment to oral health over the years. It has been my

pleasure to meet the dental needs of you and your family.

If you have insurance you may contact your dental insurance company and they will give you a list of dentists who will accept your insurance. To transfer your records to you or another provider please send a written request with address of where you would like them to be sent.

I wish you and your family all the best. Keep a healthy smile!

Sincerely,
David E. Townsend, D.D.S.

VA Agricultural Best Management Practices Sign Up

Three Rivers Soil & Water Conservation District is accepting appointments for cost share sign up from now until Friday, August 14th. The cost share program provides financial and technical support to farmers interested in improving water quality and soil health through practices like cover crops and nutrient management amongst others.

All producers who farm land in Essex, King William, and King & Queen Counties are encouraged to call Danny Withers at 804 443 2327 extension 4. We look forward to seeing you!
