Amanda Chase for Governor

Amanda Chase with Mike Rodriguez
owner of Another Round or 2

By Ellen K. Otey

On Thursday night, September 30th, Amanda Chase came to Another Round or 2 in Manquin to hold a meet and greet style introduction to the King William community. Amanda will be running for the Governor of Virginia in the 2021 election. She is traveling the state now to be able to visit every town and city before the election to get the word out to Virginians. Local voters showed up to hear her message, take pictures, and purchase signs and bumper stickers from her campaign.

Chase considers herself a Conservative Republican and resides in Midlothian Virginia. She is and has been a very strong advocate for the 2nd Amendment gun rights. Her whole platform for this campaign is "defending the Constitution and upholding all of the rights under the Constitution." Her slogan is "We The People".

Chase also is an outspoken defender of innocent life, supports increasing teachers and Law enforcement salaries, supports the education voucher program that gives parents the right to choose where their children can attend school including private schools. She also believes in an efficient and transparent government and lower taxes. She is pro-small business with an intention to lower taxes and lessen regulations.

Please see CHASE, continued on page 2.

New Thrift Shop Opens in Manquin

Story by Florence Cooke
Pictures by Wren Kincaid

A new thrift shop is opening in Manquin at 109 Commons Park Circle (next to NAPA) owned and operated by The Fix Ministry. The thrift store will be managed by Wren & Forest Kincaid. There will be gently used clothes, appliances, furniture, electronics, household items, and computers. The store will be open from 10 a.m. – 7 p.m. five days a week, from 10 a.m. – 4:30 p.m. on Saturday and closed on Sunday. Donations are being accepted at this time and all donations are tax deductible.

A grand opening is planned for Saturday, November 7th, when the store will be open until 4:30 p.m. with prizes, giveaways, fun things for children, live music and food. At 5:30 p.m. the food and fellowship will be held with worship at 6:30 p.m.

One of the supporters of this ministry is David Booth of Inkt who has a shop in Mechanicsville that does graphic design items such as shirts and vehicle wraps. He will be having a second location in the building. For items purchased in this location, Mr. Booth will give a percentage to the ministry.

The Fix Ministry was started in 2018 by Pastor Fred Weymouth and his wife, Casey, Pastor Jason Swezey and his wife, Jody and a group of local people who God put together to reach the lost and broken. Pastor Fred and Casey have worked with homeless in downtown Richmond, as well as with addicted individuals. Pastor Jason, Jody and the Kincaid family have worked with addicted men and women in multiple capacities.

Please see **THRIFT SHOP**, on page 9.

Wren Kincaid who will be in charge of the
thrift store.

Commissioner of Revenue and Treasurer Respond to Audit Allegations

By Gene Campbell

At the September 28 meeting of the King William Board of Supervisors, Commissioner of Revenue Sally Pearson and Treasurer Harry Whitt addressed the recent findings of audits conducted in their respective offices.

The audits allege improper procedures in both offices. Whitt disputed some of the findings in his office and questioned the release of the preliminary audit before the final audit was completed. Earlier in the year Whitt announced he was retiring retired October 1. A special election will be held February 2, 2021 to elect a new Treasurer. Pearson addressed the audit findings in her office and one of the findings she disagreed with was the assertion that 500 properties were not being taxed. She explained to the board they were indeed being taxed. The final audits recommend both offices have better training of staff in the future and proper documentation of procedures.

Chase, continued from front page

Amanda Chase autographs a yard sign that was purchased at the meeting.

When asking the audience what were the important topics she spoke on, the top three mentioned were: Gun rights, school vouchers, and No government Mandates. You can find more on Amanda's positions on her website: chaseforva.com.

Publisher's Message

With Covid 19 still a major factor in our lives we are spending more time at home than ever before. I remember the words written by Wayne W. Dyer in his book *Wisdom of the Ages*. With many people homeless because of Hurricanes, floods and tornados, his words are still as strong today as they were when he wrote them in 1998. "Take a few moments each day to be in a state of appreciation for the immediate surroundings that you call home, regardless of how grand or humble they might be. Give thanks to those who provide this home, to those who share it with you, and to God for the blessing of a shelter.... Do whatever you can to assist those in our world who do not have a home. While some may make the choice to be vagabonds and have a new place to call home each day, others are homeless through no deliberate choice. Be of service, financially, spiritually, or physically, to those who would love to have a more permanent place called home.... Teach those who share your home with you to honor and revere it, not only for its physical attributes, but for the space of shelter and love that it represents."

So when you come back to your home take a moment and feel a sense of appreciation not only for having a home, but for those before you who built a home for you to grow up in, and provided you with all your experiences, good and bad, easy and difficult.

Take care until next time.

Hanny Clark

*Celebrating Our
122th Year!*

**A 122 Year
Tradition of Caring**

8014 Lee Davis Road, Mechanicsville • 746-8665

Bennett Funeral Home was established in 1897 to serve the needs of Richmond families. Since then, this locally owned and operated business has continued to serve the community with its unique combination of caring and convenience.

This tradition of excellence can be seen in the four beautiful chapels located throughout the Richmond area: centrally located on Cutshaw Avenue in the city, on Broad Street Road past Innsbrook, serving the Hanover-Mechanicsville area on Lee-Davis Road and Chesterfield Chapel on Ashbrook Pkwy. in Chesterfield. All four facilities are under the personal direction of Charles D. Morehead, President.

In a time of need, you can turn to Bennett Funeral Home with trust and confidence. It serves families of all faiths with personal service, before, during, and after. There is a long tradition of professionalism and caring.

One way in which Bennett cares for families, is by offering a convenient and personalized pre-need program. Through this program pre-need planning, you can spare your loved ones the burden of making decisions at an emotional time. Call Bennett Funeral Home at 746-8665 to schedule a pre-planning consultation.

The Bird Hunter

By Allen Brintley and "Pip"

Horses and mules are used for many different things. Some are still used to work in the fields or pull wagons. Most are used for recreation. People use them for trail riding or competition. I tell people that a mule is like a four-wheel drive. They are very sure footed and can go almost anywhere. This makes them a good choice when it comes to hunting. They are always thinking and will pick up on things real quick. They will anticipate what you want after only a couple of times showing them.

I remember an old guy that had a mule he would bird hunt off of. He had gotten older and wanted to sell his mule so that a younger hunter could enjoy bird hunting as much as he had for many years. This young guy called and setup a time to come see the mule. The old man took the mule out back into the farm while the younger guy walked along and watched. All of a sudden the mule stopped and turned sideways. He pointed toward some overgrown fences and pawed the ground twice. The younger hunter looked confused and asked the old guy what that meant. The old man said "He's telling me that there are two birds in that fence row." Sure enough, the young hunter walks over and two birds flush up and fly away. This goes on a few more times. Each time the mule paws the ground, he is always correct on the amount of birds hiding in the brush. The young hunter is so happy and makes a deal with the old man and takes the mule home. A few weeks have gone by and then one night the old man gets a call from the young hunter. He is so upset and tells the old man that everything was going great until today. The mule has

been pointing out the birds and pawing the ground to tell him how many birds are there. It has been amazing at how perfect the mule has been. The young hunter says "Today we went to a new farm that hadn't been hunted in years. I just knew that I would have a great day." The old man listened carefully as the younger guy told him what happened. He said "The mule was doing great all morning long. Then we got to an overgrown field at the rear of the farm. All of a sudden the mule stopped, reached down and grabbed a big limb in his mouth that had fallen off a tree. He started going crazy, jumping around and attacking that limb. I got scared, so I loaded him up and came home right away." The old man started laughing and told the younger guy that the mule was trying to tell him something. The younger guy couldn't figure it out so he asked the old man what it meant. The old guy said "That mule was trying to tell you that there were more birds in that field than you can shake a stick at!"

You can email me at Allen@TwinRiversRealty.com or call 690-7870. I'll see you on the trails.

Obituaries

JEFFRIES, Theresa Christine Brown of King William, VA and formerly of Brooklyn, NY entered eternal rest on Tuesday, September 15, 2020 at the age of 97. Theresa was predeceased by her loving husband of 70 years, John M. Jeffries, her parents—Merchant H. and Winnie E. Brown, and a sister, Dinah B. Washington (James). She is survived by her daughter, Martina J. Garriss of Sarasota, FL; grandson, Shawn J. Garriss of Southington, CT; granddaughter, M. Monique Bingham (Galen) of Town & Country, MO; four great-granddaughters—Chauntel Garriss of Quaker Hills, CT, 2nd Lt. Samantha Garriss of El Paso, TX, Kaliegh Garriss reigning Miss Teen USA 2019 of Southington, CT, and Landis Bingham a high school senior; one brother, Merchant H. Brown, Jr. (Olivia) of Pullman, MI; former foster children, William Richards, Charniece

Brown, Mary Brown and Nicholas Brown, a host of devoted relatives, her loving caregiver—Vanessa Richards Brown, and many dear friends.

"Tee" as she was affectionately addressed graduated from King William Training School in 1941. After moving to Brooklyn, NY she was employed by TFM Industries for 35-years. She also owned and operated Bit-of-Glamour Hair Salon for more than 20 years. Upon moving to King William she attended and later served as Senior Center Coordinator for Bay Aging for 20 years. Theresa was a faithful member of Third Union Baptist Church, Walkerton Rd., where she was chair of the Usher Board, an Adult Choir member, as well as a member of many other church committees, and a devoted life member of the Ladies Auxiliary, VFW Post 9501. She will be missed by all who knew and loved her.

Remains entrusted to B. W. White Funeral Home, 7837 Richmond Tappahannock Hwy, Aylett, VA where a public visitation will be held on Saturday, October 17, 2020, beginning at 9:30 A.M. with funeral services immediately following at 11 A.M. in the chapel. Interment will follow at Third Union Baptist Church Cemetery of King William, Rev. Dr. Wilbert Talley officiating.

In lieu of flowers please consider making a donation to Third Union Baptist Church, Walkerton, Rd., King William, VA 23086

CORBIN

Johnny M. Corbin, of Aylett, departed this life on September 26, 2020. He was preceded in death by his wife, Patricia Corbin; father, Charlie Corbin; stepfather, Major Nunnally; and brothers, Douglas Pennington and Ken Nunnally. He is survived by mother, Magaline Boyette, fiancée, Charlene Broadus; daughters,

Lisa Lee, Amy Green, and Carla Green; sisters, Rhonda Corbin, Stacy Corbin, Glenda Corbin, and Lillian Nunnally; grandsons, Justin Green and George Green (Kymecia), great-grandson, Giovanni Green, a host of nieces and nephews, and other loved ones. Due to COVID-19, a private celebration of life will be held for family and friends.

It's Fire Prevention Time. Get your safety tips from the Virginia Department of Fire Programs

RICHMOND - The Virginia Department of Fire Programs' (VDFP) State Fire Marshal's Office reminds Virginians to keep safety at the forefront while cooking and using appliances in the kitchen. As we spend more time in our residences, the chances of fire-related accidents and injuries increases.

"There have been 29 civilian fire fatalities in Virginia as of September 30. Of those fire fatalities, roughly 3% were caused by cooking. 48% occurred in single-family homes. While the percentage of cooking-related fires in Virginia is low at this point, it doesn't mean that we can rest easy," said **Virginia State Fire Marshal Garrett Dyer**. "We often think of the stove and the safety around that appliance, but smaller appliances such as deep fryers and microwaves can start fires that are equally as destructive."

According to the U.S. Home Cooking Fires Report by the National Fire Protection Association (NFPA), cooking caused an average of 172,900 reported home structure fires per year (49 percent of all reported home fires in the US). These fires resulted in an average of 550 civilian deaths (21 percent of all home fire deaths) and 4,820 civilian injuries (44 percent of all reported home fire injuries) annually.

Victims of Cooking Fires

In the report, it is noted that high-risk populations include those 55 years of age and older. In Virginia, 24% of the total reported civilian fire fatalities victims were between 56-80 years old.

Dyer continued, "The statistic translates to one out of four Virginians over the age of 55 are at a higher risk of a fire-related casualty or

injury. Check on your neighbors that fit this category, bring them a meal from time to time. Make sure the meal is prepared using safe cooking practices. And, don't forget to wear your mask as you enter their homes."

People ages 25-44 are the leading age group to suffer from cooking fire injuries in U.S. homes nationwide.

Cooking Safety Tips

Never leave cooking food unattended. Stay in the kitchen while you are frying, grilling or broiling. If you have to leave, even for a short time, turn off the stove. Leaving food unattended is the leading factor in cooking fires and related casualties.

If you are simmering, baking, roasting, or boiling food, check it regularly, remain in the home while food is cooking, and use a timer to remind you that you're cooking.

You have to be alert when cooking. You won't be alert if you are sleepy, have taken medicine or drugs, or consumed alcohol that makes you drowsy.

Always keep an oven mitt and pan lid nearby when you're cooking. If a small grease fire starts, slide the lid over the pan to smother the flame. Turn off the burner, and leave the pan covered until it is completely cool.

Have a "kid-free zone" of at least 3 feet around the stove and areas where hot food or drink is prepared or carried.

"We hope that the message resonates before we head into the holiday season in a few weeks," said Dyer. Thanksgiving and Christmas Day are the leading days for cooking fires in the home.

REC's Peter Muhoro Recognized by Energy Storage Association

Dr. Peter Muhoro, Vice President of Strategy and Technology at Rappahannock Electric Cooperative (REC), was recently honored with the Diversity & Inclusion Award by the U.S. Energy Storage Association (ESA).

"The new Diversity & Inclusion Award was developed this year to recognize those who have worked to nurture and encourage diversity and inclusion in the energy storage industry and paved the way for the success of women, people of color, and LGBTQ professionals," according to a release from the association.

"Peter Muhoro is the inaugural recipient this year for his dedication to initiating, supporting and integrating programs for diversity and inclusion both within and outside of the energy industry."

The ESA is a national trade association dedicated to energy storage, working toward a more resilient, sustainable and affordable electricity grid.

"I am honored and humbled to be selected for the inaugural U.S. Energy Storage Association diversity and inclusion award," Muhoro said. "I urge the energy industry to continue to promote diversity, equity and inclusion, and to celebrate the diversity of people, ideas, cultures and educational backgrounds."

Dr. Peter Muhoro

In celebrating award winners this year, the association also noted: "This year's class of winners includes trailblazers from all sectors of the industry who have dedicated their careers to advancing the adoption of energy storage and accelerating the resiliency and reliability of the power grid."

REC provides electric service to over 170,000 connections in parts of 22 Virginia counties. With its general office in Fredericksburg, Va., the Cooperative operates and maintains more than 17,000 miles of power lines through its service area, which ranges from the Blue Ridge Mountains to the tidal waters of the Chesapeake Bay. For more information about REC, please visit www.myrec.coop. Follow REC on Facebook, Twitter, Instagram, and YouTube.

Life is 10% what happens to you and 90% how you react to it.

New Thrift Shop, continued from front page

Pictured is the new thrift shop located in the strip mall by the NAPA store

The church is located at 4465 Mt. Olive Cohoke Road in a large donated home on 30 acres of land. When the COVID changed the life that we knew, the church is now meeting temporarily at Indian View Baptist Church on King William Road. Fellowship and food start at 5:30 p.m. on Saturday nights with worship at 6:30 p.m.

The Fix Ministry got its name because an alcoholic or drug addict is looking for a fix and it is believed that Jesus is the ultimate FIX FOR ALL.

The house on Mt. Olive Cohoke Road is now called The Lodge and is the home of eight men who have addictions to gambling, alcohol or drugs. They go through a one year vocational recovery program with classes offered, Bible studies and vocational training. The program is funded by private donations and local churches. Two of the sponsors, Inkt Screen Printing Designs and G&S Transformers who rebuild transformers, offer vocational training. Men who were broken and lost are introduced to Jesus so

that they can have a foundation based on the word of God.

The thrift shop is a ministry that will benefit women. Proceeds from the thrift shop will be used to start and maintain a women's ministry much like the already established "Lodge" including vocational training, life skills, and Bible classes. Hopefully this women's program will begin within the next year.

Pastor Weymouth states, "We want this thrift shop to be a light in the community – a place where people can come and see the light of Jesus. This thrift shop is not only a store to find bargains but a gathering place for groups to come for Bible study and children and adults can come and use the newly installed WiFi. We have an abundance of families with needs. We ask that an application of needs be completed by families and we will try to meet whatever needs that we can. NO GOVERNMENT MONEY IS USED FOR THESE PROGRAMS."

Most Worshipful Prince Hall Grand Lodge of VA Donates to KQPS

MWPGM Larry D. Christian, PM Ronald Harvey, ADDGM Kenneth Byrd, and JW Bradley Haliday with the school supplies donated to KQPS (not pictured: members of United Chapter #169 OES).

Members of the Triple River Lodge #253 & United Chapter #169 OES Prince Hall Affiliated donated an abundance of school supplies to Central High School, King and Queen Elementary School, and Lawson-Marriott Elementary School. Their donation of school supplies included boxes of notebooks, backpacks, paper, folders, pencils/pens, wipes, tissues, and much more. KQPS is so thankful for these supplies, as they will be a great help to our students' academic success!

King and Queen County Republican Party Meeting

The King and Queen County Republican Party held its regular first Tuesday of the month dinner meeting at Nick's Restraint October 6. The speaker was Wendy Gade, wife of Danial Gade who is running for the U.S. Senate opposing Mark Warner. She spoke of how he lost his entire right leg fighting in Iraq and almost lost his life. Upon being injured he had massive blood lost and was evacuated to a Naval ship. There many Army and Navy servicemen donated blood that saved his life. She stated he entered the Army to serve his country and now wants to continue to serve as United States Senator. He has served George W. Bush and President Donald Trump's administrations in appoint positions. Ms. Gade stated he is a consultative on social and fiscal issuers. Last month the speaker was 1st District House of Representative Rob Wittman. He spoke of how frustrating it was to try to govern with so much partisan in Washington. He is running to retain his seat and spoke of his record defending the Chesapeake Bay, promoting small business and being a strong advocate for the military. Anyone wanting to attend future meetings may call Bill Rilee at 804-512-1688

To err is human; to forgive, divine.

King William Parks and Recreation Hosts Department of Wildlife Resources Event

James Patrillo, Conservation Police Officer/K9 Handler with Bailey

Story by Florence Cooke
Pictures by Brett Otey

King William Parks and Recreation hosted a free outdoor event with the Virginia Department of Wildlife Resources, Virginia Department of Forestry, Back Country Hunters and Anglers, and the Mattaponi and Pamunkey River Association on Saturday, October 10, from 10 a.m. – 2 p.m.

From the Department of Game and Inland Fisheries, a Wildlife Biologist had two snakes, an Eastern Kingsnake, and a Corn Snake. The Kingsnake is a valuable asset for the homeowner because he is not

venomous, eats other snakes, does not climb trees, and only eats every three weeks. The corn snake is red in color and looks like fall leaves after they turn color. It is also not venomous, is rough scaled, and will climb trees. Those in the crowd who were brave could hold the snakes or pet them.

One officer showed and told about trapping animals and how to classify pelts. Officer James Patrillo, Conservation Police Officer/K9 Handler, had his K9 companion, a 3½-year-old black lab named Bailey. Bailey is trained in man tracking, article searches, locating guns with human scents, and finding human remains on

Wildlife Biologist holding a Eastern Kingsnake with Brett Otey

land. He stated the Virginia Department of Game and Inland Fisheries is responsible for enforcement of the same laws as State Police but is basically responsible for boating, fishing, and hunting.

Members of the Back Country Hunters and Anglers Capital Region (includes Virginia, Maryland, and District of Columbia) help protect public lands and waterways. One member, who gives demonstrations about cooking wild food, served cooked moose to those who were brave.

The Mattaponi and Pamunkey River Association members told the guests about keeping the Mattaponi River clean. Guests could stamp wildlife tracks and insects, and bugs on paper to take home.

Dave Slack, Area Forester, from the Department of Forestry, stated their department fight forestry fires and help citizens with advice on keeping woodlands and land safe. The Forestry Office is located at Zoar State Forest at 4445 Upshaw Road in Aylett. The park offers opportunities for hiking, wildlife watching, canoeing, and fishing. For information please call 804-769-2962.

Halloween Ideas

By Armistead Saffer

With COVID keeping people cooped up at home, this year may be a good time for some DIY (Do It Yourself) Halloween projects. Kids and adults may enjoy spending their free time making their own unique props, effects or costumes. With people are decorating their houses and yards, wouldn't it be fun to say you made some of the props and effects?

Start by coming up with an idea of what you want to make. It can be from a simple prop like a ghost or tomb stone or an advanced animated effect. There are many ideas and tips online if you Google search "DIY Halloween props". There's a Zombie Pit which is a simple wood pallet with hands coming out of it. This prop is further enhanced by adding a red light. If you want something animated build some ghost that fly around your yard.

Social distancing has inspired some creative ideas. A local man had his 'contact free' candy chute go viral on social media and had coverage in the news. All it was was a 6 foot PVC pipe painted orange on a stand. It's a simple but cool design. If I had trick-or-treaters coming to my place, I'd try to design an animated monster to hand out the candy to the kids and maybe adult beverages for the grownups.

Presentation is everything. I feel that lighting is the most important effect. Good spooky lighting can really set the scene and enhance your props and decorations. Sound effects can also help set the mood. I've built many custom props over the years. They really don't come to life until it's dark out and the lights and sounds do their magic.

So get creative and make something creative

this Halloween. If you make a prop or effect or scene you want to share or want some pointers with your project just email: Halloween@AylettVa.com and we might put that in an upcoming issue of the *Country Courier*.

Letter to the Editor

Dear Editor,

Have a look at the Biden presidential plan at <https://joebiden.com/joes-vision/> Biden documents, in great depth, his presidential plans for 49 critical American subjects. His plans for include; Managing the COVID-19 epidemic, Reopening Schools, Small Businesses Support, Recovery for Working Families, Tax Structures that reward American Workers - not Massive Wealth, Employment Insurance, Clean Energy, Education Beyond High School, Violence Against Women, Criminal Justice Reform, Rural America Upgrades, Racial Equity, American Indian Community, Environmental Justice, Sustainable Energy, Older Americans and Retirement, Health Care, Climate Change, Opioid Issues, Made in America, Veterans, Housing, Students, Essential Workers, Economic Justice, and dozens more critical issues. Each program is spelled out in depth. Do I think every plan will succeed? No, no one gets everything they want, but Biden is putting rational plans on the table, and he needs our support.

The role of government is to serve the American people. We are all Americans, and we're in this together. We all want to drink clean water, breathe fresh air, eat healthy food, have a secure home, meaningful work, a healthy family, good friends and neighbors, and to get this epidemic behind us. No shoe fits every foot, but every foot needs a shoe that fits. We need lots of shoes, that fit lots of feet. Let's stop fighting eachother, and find solutions to get the things we all want and need. Vote for a transparent, reasonable presidency that is willing to listen to facts, learn from experts, and find solutions for the many challenges that

lay ahead for us all. Make America a happier, healthier place to live. Please, vote for Biden/Harris for President, Warner for Senate, and Rashid, for Congress.

Thomas C. Rubino
King and Queen

Dear Editor,

To answer all of those of you who would say "I can't believe you would vote for Trump." Well listen up! I'm not just voting for Trump. I'm voting for the Second Amendment. I'm voting for the next Supreme Court justice. I'm voting for the Electoral College, and the Republic we live in. I'm voting for the Police, and for law and order. I'm voting for the military, and for the veterans who fought and died for this Country. I'm voting for the flag that is always missing from the Democrat background. I'm voting for the right to speak my opinion and not be censored. I'm voting for secure borders. I'm voting for the right to praise my God without fear. I'm voting for every unborn soul the Democrats want to murder. I'm voting for freedom and the American Dream. I'm voting for good and against evil. I'm voting for the future of my children and grand children. I'm not just voting for one person, I'm voting for the future of my Country! What are you voting for?

The "Harris/Biden" is the correct reality! The Constitution, Declaration of Independence, Bill of Rights will be destroyed by Harris/Biden! VOTE! your country's survival depends on it!

Wayne Owens
King William

Dear Editor,

TYPICAL BUREAUCRAT...King William County Administrator

In the Tidewater Review newspaper article of September 18, County Administrator Bobbie Tassanari detailed how skilled she is at spending taxpayers money, marveling...
"when I first started this (doling out the \$2,900,000.00) I didn't think there was any way we'd be able to spend all of this money but I have been proven wrong. I think we will spend at least 98% of it, I truly do".....what would have been shocking was if she hadn't spent it all. The \$10,000,000.00 unassigned reserve fund has been squandered, \$2,900.000.00 is pocket change after blowing the former.

King William schools have received and spent a considerable chunk of the money, coming back after the original dispensing of the funds asking for *an additional \$360,792.00 to meet demands it had not ANTICIPATED ? HVAC units, and a new school bus?* What is the purpose each year when they prepare a budget? Did they not know a HVAC unit was coming to the end of it's useful life? Does the need for a new school bus just pop out of thin air? And by the way, does \$250,000 for 2 HVAC units sound a little high?

\$651,000 to cover unexpected department costs associated with the COVID -19 outbreak? Included in this is \$87,500 in King William's contract with All Points to expand broadband access. A year ago taxpayers were told that the County Administration building, the County Courthouse complex and the Schools had installed equipment to have high speed access at those very locations, so where is this \$87,500 being used to expand internet access to?

examples cited above show what is truly going on.

Bob Shannon
King William

Dear Editor:

What is going on in King William?

There apparently are many people who are allowed to own property here and refuse to pay property taxes with impunity. Now the county is reassessing property with values going up drastically. Mine went up 38.4%. I agree that in many cases the new tax is more in line with the true value; however, the really scary part about that is that in the spring of 2021, the tax rate will also be adjusted, and we already have one of the highest in VA. There are only 5 counties in the whole state that have a higher tax rate than King William, and all of them are in highly urban areas (Arlington, Chesterfield, Fairfax, Prince George, and Roanoke). I believe our rate should be in line with King and Queen's rate which is .54% /\$100 compared to our .86%/\$100. Even Hanover County, which is much more urban than King William, only pays .71%/\$100.

Something fishy is going on and has been for years. It's time that King William residents stood up and said, "ENOUGH!" A good place to start is the Board of Supervisors meetings on the fourth Monday of each month (October 26th at 7 PM) 180 Horse Landing Road, Suite 4, Board Room, King William, VA 23086. Another good place is the voting booths.

Sincerely,
Sandra Jones
King William

Director of Environmental Services (Full-Time)

Performs a variety of administrative, technical, and planning work identifying and achieving Tribal goals regarding natural resource conservation and environmental advocacy. Responsible for working closely with the Chief, Tribal Council, and Tribal staff fusing Indigenous knowledge with scientific data to protect and defend the Rappahannock watershed. Works with Tribal members on environmental outreach and education efforts. Responsible for coordinating Tribal knowledge and goals with local, state, and federal conservation agencies. Works with regional and national non-governmental organizations regarding environmental advocacy issues.

Requirements:

- Demonstrated experience in natural resource conservation and environmental advocacy, including administrative responsibility;
- Bachelors Degree with specialization in environmental science; or any equivalent combination of experience and training.
- Demonstrated knowledge of local, state, and federal conservation programs and processes. Demonstrated ability to develop partnerships with government agencies and non-governmental organizations.
- Ability to communicate effectively with diverse groups and individuals, including members of the public, educators, government officials, and scientists.
- Ability to learn and understand the culture of the Rappahannock Tribe in order to coordinate Indigenous knowledge and experience with science-based best management practices.
- Ability to prepare and analyze reports and data and have skills in the operation of necessary tools and equipment, i.e. computers, word processing, spreadsheet software, online webinar and meeting software, and general office equipment.
- Ability to operate specialized vehicles and watercraft in order to meet departmental goals.

Indian Preference Policy will apply.

Letter to the Editor, continued

Dear Editor,

Vote with an open mind.

When you vote in November, please do so with an open mind not because you are a die-hard Democrat or a die-hard Republican; not because you dislike the way a Politician speaks his mind; not because you watch FOX News vs. CNN News. Decide what you want for this country that is based on God, Religion, and our Founding Fathers. Do you want to remain a Free Country or do you want Socialism and a government that controls us? Are you Pro-Life or do you want to destroy an unborn child's life (because it's a mother's choice to do what she wants with her body)? Do you want your taxes to remain or increase? Do you want manufacturing to be brought back to the USA or continue to let China make everything (which includes our

pharmaceuticals)? Do you want this Country to shut down because of the Pandemic which would cause economical disaster? Do you want to support and be proud of your Country or kneel to your flag?

Do you support your Police or do you want to defund them? Are you for your 2nd Amendment rights or for them to be taken away from you? Do you stand for your Beautiful Country or are you ok with it to be destroyed by not peaceful protesting and riots? Do you stand for ALL Lives Matter? These are just a few examples, but there is so much more. Please do your fact-checking and research. Vote for what is best for this Country!

Respectfully,
Terry Hall
Aylett

www.petfinder.com

Dear Editor,

Last week I attended the King and Queen County Democratic Committee meeting. We always begin by saying the Pledge of Allegiance. This time as I recited the pledge, I began to ponder what our nation could look like if I voted my vision of the pledge. "I pledge allegiance to the flag of The United States of America, and to the Republic for which it stands, One nation, under God, indivisible, with liberty and justice for all." We all perceive these words differently, yet this pledge is an integral part of our shared cultural experience.

When I take seriously my pledge to this democratic republic, I accept responsibility to do my part to care for, uphold, and renew the structures of our civil society that support "one nation under God, indivisible with liberty and justice for all." I affirm that we are, in the words of former President Jimmy Carter, one nation that has become 'not a melting pot, but a beautiful mosaic: different people, different beliefs, different yearnings, different hopes, different dreams.' With the Pledge of Allegiance, I recognize that a Higher Power is present in our individual lives and national affairs. I promise to uphold liberty and justice for all in the context of one nation under God,

where I measure liberty and justice by the Golden Rule. When we love God, we love our neighbor as ourselves. We see and respect God's goodness in all people and in all life on earth. This inspires us to care for the earth. We endeavor to support liberty and justice for all people. I believe this translates into specific social policies that include: affordable health care for all, farm policies that allow family farmers to earn a living wage and sustainably care for the land, criminal justice reform, immigration reform, affordable childcare, and quality education.

Voting the pledge means I am honest about the changes I must make in my personal life and encourage in my community to address injustices both past and present. Recently, I had a heart to heart conversation with a friend and neighbor. She helped me understand how it is that only when black lives matter to all of us, will all lives matter to each one of us. I really am my brother's keeper.

On October 9, 2020, I voted my vision of the Pledge of Allegiance in support of Joe Biden and Kamala Harris, Qasim Rashid, and Mark Warner. I urge everyone to vote before or on November 3rd.

Sincerely,
Miriam Maloney

UMW Lifetime Commitment Award

Submitted by Nancy Thrift

On September 26, 2020, at the York River District Annual Meeting of the United Methodist Women, the "Lifetime Commitment Award" was presented to Jessie Walton, a lifetime member of Old Church United Methodist Church. This award began in 1993 with a monetary donation to the District UMW Legacy Fund.

Over the years, Jessie Walton has seen many changes at Old Church UMC and has been a strong and faithful supporter of the service and mission of the church. At the age of sixteen, she joined the Women's Society of Christian Service (now the United Methodist Women), where she served as President (20 years) and Secretary (10 years). She has attended many district meetings and prayer breakfasts. Jessie encourages us to

remember those less fortunate with cards, food, flowers, sunshine baskets or a monetary gift, and to be a faithful and prayerful UMW group.

Jessie Walton has served Old Church UMC as a Sunday School teacher and a choir member for over seventy years. She wore other "Hats" as well-church pianist, church treasurer, board chairperson, lay leader and gave us "sermons from the pulpit" as a lay speaker. All of this while taking care of her family, a job at York Academy and as a Justice of the Peace!!!

"Jessie Walton", a woman of many talents, who on November 2, 2020, will turn 90 years (90) old!! Jessie is a dedicated, caring and loving Christian who lives her "Faith" every day. Congratulations, Jessie, on the "Lifetime Commitment Award" and Many Blessings on your Birthday!

Old Church UMC Fire

Submitted by Nancy Thrift

In the early morning hours of September 3, 2020, a fire destroyed the education building of Old Church United Methodist Church. The sanctuary building had smoke damage.

We would like to thank the many fire fighters of the units from Central King & Queen, Lower King & Queen, Walkerton,

Water View, Urbanna, Gloucester and the King & Queen Emergency Service Team, all who were dedicated to saving as much as possible of our place of worship. The fire could have caused much more damage, if not for the person passing by at 2:00 AM, seeing the flames and calling it in. So many thanks to that person also. May each of you be blessed for the service that was provided.

Arts Alive Continues to Keep The Arts Alive

West Point— Despite the challenges we are all facing right now, Arts Alive continues to move forward and work towards "Keeping the Arts Alive" in the community. Visual arts workshops have resumed and Arts Alive is working behind the scenes to make adjustments in this ever-changing environment.

"Art is an important part of our lives," says Ellen Davis, president of Arts Alive. "Art relieves stress, helps with communication and brings joy – something we could all use more of right now. This is why we are committed to our mission."

The Visual Arts Committee of Arts Alive is excited to announce that visual arts workshops have resumed with a new season. Taught by artists from the Virginia Museum of Fine Arts or local artists, these workshops offer opportunities to learn new art techniques. Thank you to a partnership with the West Point United Methodist

Church, workshops have moved to this new location which offers plenty of space for social distancing. The workshops are held on Fridays from 10:00 am – 3:00 pm and only cost \$15 plus any supply cost. Registration and workshop descriptions are available at artsaliveinc.org.

Over the summer Arts Alive sponsored a special exhibition that featured the creative works of young artists in a virtual gallery. This virtual gallery is a showcase of what young artists have been creating during their time at home. Congratulations to Lexi Blackwell, a sixth grader from West Point, who is the winner of the participant drawing. The prize is a scholarship to one of Arts Alive's 2021 summer camps - Summer Arts Camp or Missoula Children's Theater Drama Camp. Additionally, thanks to The Lazy Cow in

West Point for awarding each participant a sweet treat. If you haven't done so already, head over to the website to enjoy an amazing variety of artwork.

Everyone is eager to be together and experience a live, on-stage performance. Due to circumstances beyond Arts Alive's control, the On-Stage Season Series has been delayed, but the organization is looking towards an early 2021 opening. Efforts are continuing to bring the community quality entertainment soon.

Arts Alive is a non-profit organization devoted to promoting and stimulating an awareness and love of the arts. Incorporated in June 2003, Arts Alive, Inc. provides live performances, two summer camps, scholarships, art exhibits, and art workshops.

Love is the only force capable of transforming an enemy into a friend.

Martin Luther King, Jr.

Lexi Blackwell, 6th grader from West Point, is the winner of the participant drawing for Arts Alive's Special Exhibition "Keeping the Arts Alive."

JBS comes to KW

King William, Virginia, October 8th 2020. Long time Chesterfield County resident Michael Smart was hired as a full time Field Coordinator for the John Birch Society in 1998 and has worked for the organization in 40 States. Credit: KWTP photo

CONTRIBUTED BY KWTP

Michael Smart, a Regional Field Coordinator for the John Birch Society, brought this group's traditionally conservative message of God, family and freedom to the latest meeting of the King William TEA Party. Speaking to Thursday evening's gathering at Ripleys Family Restaurant, Smart stated the Society's immediate mission to "build a moral and informed electorate," emphasizing the wisdom of America's founders in establishing a Constitutional Republic.

"Direct democracy that's being pushed by many groups today is the tyranny of majority rule," he said. "It is destructive of liberty because there is no law to prevent the majority from trampling on individual rights. But a republic is a government of laws under our Constitution, holding the government in check."

Asked why the Congress and Federal government can get away with so-called "laws and regulations" that are clearly unconstitutional, Smart pointed out that

the abuse of authority has happened because we have lost sight of basic principles. "Nowhere does the Constitution authorize providing foreign aid handouts, unemployment benefits, subsidized housing, agricultural price supports or any other wealth-redistribution schemes," he declared.

The JBS remedy to this overreach comes in two forms. First, Smart said, is holding our elected officials accountable to their oath to "support and defend the Constitution."

Then, to employ "the power of 500, where we work to educate and motivate those in our peer groups and others. It's all spelled out on our website jbs.org"

DISCLAIMER: In the interests of hearing from a wide variety of individuals and groups, King William T.E.A. Party (Taxed Enough Already) takes no position on those invited to present information. Contact us at www.kwteaparty.com and Facebook if you would like to be considered for a speaking slot at one of our regular meetings.

Love is always bestowed as a gift - freely, willingly and without expectation. We don't love to be loved; we love to love.

KING & QUEEN COUNTY

NOTICE OF PUBLIC
HEARING

Pursuant to Section 15.2-2204 of the Code of Virginia, on Monday, October 26, 2020, at 6:00 p.m., the King & Queen County Board of Supervisors will hold a public hearing in the General District Courtroom, of the King & Queen Courts and Administration Building, King & Queen Court House, Virginia, to consider the following:

- A. 15.2-2316.6-15.2-2316.9- Siting of solar facilities**
Consideration of a Siting Agreement which sets forth certain contractual terms between the applicant and the County including the decommissioning of the facility and the financial compensation to be paid to the County by the applicant once the facility has commenced commercial operations. The compensation includes \$4,000,000.00 to be used for providing fiber based broadband services to the County and an annual payment for the life of the facility. An approval of the Siting Agreement shall deem that the facility is substantially in accord with the Comprehensive Plan.
- B. 15.2-2232(H) - Legal status of plan (APPEAL)**
An appeal from a determination by the Planning Commission that this facility is not substantially in accord with the comprehensive plan. "A solar facility subject to subsection A shall be deemed to be substantially in accord with the comprehensive plan if (i) such proposed solar facility is located in a zoning district that allows such solar facilities by right or (ii) such proposed solar facility is designed to serve the electricity or thermal needs of the property upon which such facility is located, or will be owned or operated by an eligible customer-generator or eligible agricultural customer-generator under § 56-594 or by a small agricultural generator under § 56-594.2. All other solar facilities shall be reviewed for substantial accord with the comprehensive plan in accordance with this section. However, a locality may allow for a substantial accord review for such solar facilities to be advertised and approved concurrently in a public hearing process with a rezoning, special exception, or other approval process." NOTE: If the Siting Agreement is approved, this facility shall be deemed to be substantially in accord with the Comprehensive Plan.

- C. CUP18-01 and SP18-04 – Open Road Renewables – Walnut Solar I, LLC**
The applicant originally requested a 110 MW utility scale solar energy facility, now requests a 149.9 MW utility scale solar energy facility with no increase to the facility footprint. The subject properties are located south of Lewis B Puller Memorial Highway, north of Taylorsville Road, east of Pear Tree Avenue, and east of York River Road, consisting of approximately of 1,698 acres, in the Buena Vista Magisterial District, County Tax Map Numbers 1623-134R-650, 1623-134R-650D, 1623-134R-199, 1623-65L-222, 1623-134R-653, 1623-134R-637A, 1623-134R-637C, 1623-134R-653A, 1623-134R-637B, 1623-134R-637, 1623-134R-638, 1623-134R-639, 1623-134R-649, 1623-134R-649A1, 1623-134R-183C, 1623-134R-454, 1623-134L-454B, 1623-134R-649A, and 1623-134R-637D.

A copy of the above mentioned proposal may be reviewed in the Office of the Zoning Administrator, King & Queen County Courts and Administration Building, King & Queen Court House, Virginia, Monday through Friday, from 9:00 a.m. to 5:00 p.m.
