Tour Features Houses in Lower King and Queen County

Aspen Grove is one of the five featured houses on the April 29th tour in lower King and Queen County's Buena Vista District hosted by the Garden Club of the Middle Peninsula

Date: Friday, April 29, 2022 AM and PM Tours

Houses in lower King and Queen County's Buena Vista District will be featured in this year's tour hosted by the Garden Club of the Middle Peninsula. The Friday, April 29th tour has the theme Rural History and Simple Pleasures and will include five houses in a setting of towering shade trees, three with sweeping river views of the York or Mattaponi rivers. One home is the site of Dudley's Ferry, which began operation in the 17th century and was used during Bacon's Rebellion, the Revolutionary War, and the Civil War. This will be the only tour statewide on Friday and the first in-house tour hosted by the Garden Club of the Middle Peninsula after a 2-year hiatus due to COVID.

Houses featured on the tour include ASPEN GROVE (1393 Lewis B. Puller Memorial Highway, Shacklefords), GARRETT ANDERSON HOUSE (432 Bellevue Lane, Shacklefords), THE PARSONAGE, (3834 Buena Vista Road, Saluda), BROOKSHIRE (380 Dudley Ferry Road, Mattaponi), and THE WING (469 Dudley Ferry Road, Mattaponi). Tour Headquarters and the Marketplace will be located at Poroporone Baptist Church 30071 The Trail, Shacklefords.

Morning and afternoon tickets are available online, \$35, for advance purchase only at vagardenweek.org. Tickets will not be sold on the day of the tour. Visit this website for more information about the houses on tour and places of interest. The website also contains information and ticket prices for all twenty-eight tours scheduled throughout the state during Historic Garden Week, April 23-30, 2022.

King William Sheriff's Department Receives VLEPSC Accreditation

Left to Right: Sheriff McLaughlin of New Kent, Sheriff Jeff Walton, Captain Mike Hamm, Captain Scott Hamilton, and Erik Smith – DCJS Law Enforcement Standards and Policy Section Manager

By Amanda Walker- New Kent County Sheriff "Joe" McLaughlin and Erik Smith of the Virginia Department of Criminal Justice Services presented King William Sheriff's Department with their initial VLEPSC Accreditation Certificate at the February Regular Board of Supervisors meeting. Sheriffs and Chief Officers from New Kent, West Point, Hanover, Tappahannock, Essex, and King and Queen filled the audience to celebrate the accomplishment.

Old King William High School with the brick columns in the foreground erected by the first graduating class of 1929.

By Gene Campbell

How many times have you driven by King William High School and noticed the two brick columns along the Rt. 30 ditch line? Those of us who went to the old high school know the columns are there, but many people do not. The brick columns were erected by the first graduating class in 1929 and those columns are the only reminder of the majestic high school that once stood where the current high school parking lot is now. Inscribed in a marble plaque on the columns are the names of the eleven members of that first graduating class, namely Malcolm Parker, Annie Page Edwards, Kenneth Parker, Gresham Wall, Rae Moren, Beaufort Rice, Clara Blake, Conway Gravatt, Florine Stevens, Henley Parker, and Hazel Sweet.

King William County Continues to Explore County History, Plans 320th Birthday Celebration

By Amanda Walker

King William County will turn 320 years old on April 11th, 2022. By act of the General Assembly that went into effect April 11th, 1702, King William became the 24th county in the state of Virginia.

Just in time to celebrate, the King William County Historical Museum has re-opened after shutting down for Covid two years ago. Currently open on Sundays from 1-5 pm, the museum is housed in the former Circuit Court Clerk's office of the Historical King William Courthouse, located at 227 Horse Landing Road. As you may have recently seen on Jeopardy, the courthouse was built circa 1725 and is the oldest standing courthouse in the United States still in continuous use.

Folks are invited to visit the County Administration Building located at 180 Horse Landing Road on April 11th to enjoy a slice of cake and light refreshments, as well as displays celebrating the history and birthday of the county. The museum will also be open to visitors from 10-4 pm. County employees will be visiting the museum during their lunch breaks from 11-2 pm so folks are encouraged to plan around this timeframe for a less crowded visit. If able, folks are asked to register for their visit to the museum by visiting kingwilliamcounty.us/calendar, selecting April 11th, and following the link for the event.

Visitors to the museum will be able to enjoy exhibits covering the history of Africans in Virginia, the Powhatan Indians, farming and economy, local colonial homes, and much more. Of the artifacts on display is the King William County seal that was stolen by a

Former King William Circuit Court Clerk and museum benefactor Thomas T.H. Hill. (Masks are not required to visit the museum.)

Union soldier in 1863 and later returned in 1927, as well as the handwritten letters that lead to its return. In addition to the exhibits and artifacts, you will also find an informative video compiled by King William Historical Society members Anne Jackson and Jen Shelor that talks about the history of the historic tavern and courthouse.

The Fairfield Foundation also hopes to have an archeologist on-site on April 11th to answer questions about the ongoing search for the foundation of the historical tavern. The Foundation has several upcoming "dig" dates scheduled as well – March 24th, April 14th, and April 28th. Visitors are welcome to stop by the dig site across the courtyard from the museum from 10-4 pm each scheduled day to check out the uncovered artifacts and speak with the archaeologists.

Publisher's Message

There are only 4 days until spring starts on March 20th. I know everyone is enjoying these beautiful days. This has been an up and down winter. Hopefully, things will level out for us now. I have been picking up a lot of sticks and limbs from the strong winter winds. Time to be sure the lawnmower is ready to go, I see a lot of leaves to be cleaned up. It's all part of the changing season and I'm thankful I have the good health and energy to get out and do it.

Take care until next time.

Celebrating Our 125th Year!

A 125 Year Tradition of Caring

8014 Lee Davis Road, Mechanicsville • 746-8665

Bennett Funeral Home was established in 1897 to serve the needs of Richmond families. Since then, this locally owned and operated business has continued to serve the community with its unique combination of caring and convenience.

This tradition of excellence can be seen in the four beautiful chapels located throughout the Richmond area: centrally located on Cutshaw Avenue in the city, on Broad Street Road past Innsbrook, serving the Hanover-Mechanicsville area on Lee-Davis Road and Chesterfield Chapel on Ashbrook Pkwy. in Chesterfield. All four facilities are under the personal direction of Charles D. Morehead, President.

In a time of need, you can turn to Bennett Funeral Home with trust and confidence. It serves families of all faiths with personal service, before, during, and after. There is a long tradition of professionalism and caring.

One way in which Bennett cares for families, is by offering a convenient and personalized pre-need program. Through this program pre-need planning, you can spare your loved ones the burden of making decisions at an emotional time. Call Bennett Funeral Home at 746-8665 to schedule a pre-planning consultation.

Horsemanship Terms

By Allen Brintley and “Pip”

I’ve been thinking about some horsemanship words lately that don’t make much sense to me. I’m not sure who came up with them. The first is a “crupper”. That sounds like a chest cold, not something you put around a horses tail to keep the saddle from sliding forward. Maybe the better word for it would be a wedgie because that is what it does to the horse if your saddle moves. How would that sound if someone said “Hey you better put that wedgie on your horse before you go riding in the mountains”. How about the word “britchin”? Is that like a half a pair of pants or britches? This thing is a strap just a few inches wide that goes from the saddle around the back of the horses butt and keeps the saddle from moving forward. You hear people say to put a britchin on your animal before you go into rough country. I thought maybe it was to protect their legs from briars and such.

I remember the first time that I heard the word “saddle horn”. I thought that was a pretty good idea for trail riding when you wanted to pass someone

you could just hit it and they would know to move over because they don’t have any rear view mirrors to see who’s behind them. But no matter how hard you slap on that thing it doesn’t make any noise. It just sticks up on the front of your saddle for you to tie things to. There’s a place at the top of the tail that they call a “dock”. To me that means a loading zone or something. Like the guys at the warehouses tell you to go pull up to the dock and they will get you loaded up. But on my animal, it’s the dock where they unload everything. Maybe it should be called the undock instead.

I’d like to hear from you so email me at Allen@TwinRiversRealty.com or call 690-7870. See you on the trails.

Letter to the Editor

Dear Editor,

Critical Race Theory Letter

The recent letter by Ms. Jessica McLane concerning the above topic was very encouraging to see. Finally, someone who is clearly speaking out against this deadly, divisive, un-American, false narrative agenda. I have no doubt that in King William schools this agenda is being fostered on all grade levels. To what extent isn't known because the schools have become sealed compounds to any outside investigation by concerned citizens. Unless there are student whistleblowers to inform people like Ms. McLane or parents who care enough about the indoctrination of their children to be able to oppose CRT, the upcoming generation will be brainwashed into believing this garbage. As the plague of lying has become epidemic in this country, truth is very difficult to obtain. It's certain that the NAACP won't be the source of any truth. Truth is obtainable but parents have to put forth the effort to find it. Once they do they need to ACT! Sitting on your backsides watching TV isn't going to cut it! The root lie of CRT is: 'America is bad because it is racist. This is the fault of white people.' At the county, state, and federal levels, elected and non-elected officials have actively tried to force CRT into schools. CRT, transgenderism, homosexuality, baby murder, and the plethora of soul and character destroying lies will continue unabated as long as parents don't strongly oppose them. Think of CRT etc. as deadly snakes in the grass.

M W Owens
King William

Another misconception is taxes are paid on Agricultural and Forestry based on a value. Each year a study by a committee and monitored by Va. Tech University is done, based on locations and productivity potential for each county. If a tract of land has a home or outbuilding, they are taxed at the full value rate, just as any resident.

The KW Tea Party uses terms like Millionaires and Oligarchs to describe the citizens of King William that own land. They often use these terms to describe farmers. Farmers don't own all the agricultural land in King William, a lot of land is *leased* by farmers, from land owners that have no vested interest in farming. Their only interest is to hold on their land. If it was to be taxed at full value, *Development Value*, they would not be able to maintain ownership, and likely sell to a developer. I have yet to see a landowner take piece of their property or some of their timber to Food Lion to exchange for food. Just because a tract of land is valued at a million dollars, they don't have the cash on hand or in the bank. The only way to convert the land or timber over to cash is to sell it, most likely to a developer because they can pay the most, meaning more homes and more services required by the county, more expense to the county.

Land Use is beneficial to King William, as it is everywhere, to preserve Agricultural and Forest Land. Based on studies done by *American Farmland Trust* over the last 20 years in Virginia. For each dollar of Tax revenue paid by a *business* \$.40 is required for county services. For each dollar taken in from land in *land use or forestry* \$.35 is required for county services. For each dollar taken in for *Residential* \$1.15 is required for county services. I feel even Robert Bruce and Bob Shannon would agree more land in Land Use is more beneficial than development and houses. All this information is easily accessible in the age of Google, so why try to be misleading?

Regards,
Brad Burton
District 2

Dear Editor,

Land Use is *not* a tax break

I'm writing this letter in response to the letter in the last edition from Robert Bruce and the KW Tea Party. First, they want everyone to believe that Land Use is only in King William and a few other localities. All 50 states have a land use program. There are 100 counties in Virginia, 78 counties and 17 cities have some form of Land Use. Virginia's General Assembly enacted Land Use in 1972. Land Use is *not* a tax break, but a tax deferral. It is to equalize the value of land used for Development so it can remain in Agriculture and Forestry. When land comes out of Land Use, 5 years of back taxes, difference between use value and market value, is paid plus interest. This is to discourage a land owner from leaving the program.

Remember, continued from front page

When it opened in September 1925 it was called Central High School but the name was changed to King William High School shortly thereafter. My parents told me some people were not happy when the name was changed and they displayed their displeasure by painting the letters CENTRAL over the KING WILLIAM letters. Local resident Shannon Bill Gulasky recently started a site on Facebook called King William Memories where you can post pictures and memories of the past. A lot of us 'old timers' are enjoying the posts/pics from our younger days at school, saying "is that really you" and also learning some history about the county. Thanks for the memories, Bill! Bill tells the story of another caper at the school in 1957 when someone placed a commode on the roof of the school. To this day no one has claimed credit for that caper. Anyone out there who wants to confess?

Prior to 1925, King William County had community schools called 'Old Field Schools.' The leading men of a neighborhood would build a one room or two room school and employ a teacher for the neighborhood children usually scholarly men although, from the old photographs I have seen, woman teachers were just as prominent. Tom Newman told me about John Ryland, the teacher at Venter School, who walked to the Mattaponi River from his home in Walkerton, got in his boat and rowed across the river, and continued walking

another 4 miles to Venter School located just past Commins Road on old Rt 30. He did this every Monday, board at a local house during the week, and then travel back home on Fridays. The last of the one and two-room schools in the county closed in the early 1950s.

We all remember the days of swinging and riding the merry-go-round at recess behind the community building (now gone), eating Gladys Moore's delicious shepherd's pie for lunch in the cafeteria in the basement of the community building, playing and building forts in the pine trees behind the old elementary school (still there), playing marbles and pulling up sassafras roots for the smell, participating in May Day activities in front of the old high school... and who can forget the sand briars in the ball fields! Many of us learned to dance listening to records at the Saturday night sock hops in the community building sponsored by the local woman's club and getting our 'nerve up' to slow dance with our 'special girl' after the chaperones, Mrs. Mason and Mrs. Dabney would call out 'last dance.' The old high school was torn down in 1976 to make way for the new high school. I always thought it was a shame county leaders did not incorporate the front of the old school with those beautiful white columns into the design of the new school. Oh well, the memories will never be torn down. As The Fonz would say "Ayyy... those were the days... the HAPPY DAYS!"

The 2021-2022 school year is bringing new opportunities to see what strengths and what areas for growth are needed in math and reading using the new Virginia Growth Assessments (VGA). Bills HB2027 and SB1357 were passed in the spring of 2021 offering the opportunity for districts around the state to show growth in both reading and

math. This year, students in grades 3-8 will take these assessments in the fall and conclude with the yearly Standards of Learning Assessments in tested subjects in the spring. These assessments will be used in the state's accreditation process to determine growth within the district and accreditation. King and Queen Elementary has been preparing the students for this new assessment by giving them hands-on practice

with the software and teaching them about the computer adaptive test situation. The online computer adaptive tests will be about half as long as the spring SOL tests but will still adjust the questions based on your child's answers and will measure content knowledge from the Standards of Learning. This assessment will be provided to all students throughout the division in an in-person setting. Students will receive a

numbered score for the fall assessment. There are no "passing" or "failing" outcomes for the VGA. The results will help school staff plan for the needs of the students. The testing window is from September 13-24 within the school building. Please contact the King and Queen Elementary School Testing Coordinator with any questions.

NAACP
King William Virginia Branch

March 11, 2022

A letter from the King William Virginia Branch NAACP #7082,

The King William County Virginia Branch of the NAACP will not misallocate precious time nor resources dismantling ill-founded claims that inaccurately reflect what we stand for. We will, however, take this opportunity to invite citizens who live or work in King William to join our cause.

The branch has opened the doors to its new office located at 694 Sharon Road, Suite K, King William, VA 23086; between the library and the laundromat. Our email address is info@naacpkwva.org. Our website address is www.naacpkwva.org. Anyone can be a part of the great work our branch is involved in. Folks can join right on our website. Services the center offers are listed on our website.

The NAACP or National Association for the Advancement of Colored People www.naacp.org, was established in 1909 and is America's oldest and largest civil rights organization. It was formed in New York City by white and black activists, partially in response to the ongoing violence against African Americans around the country. The NAACP has more than 2,200 branches and some half a million members worldwide.

The local King William County Virginia Branch of the NAACP has also been established since the early 1900s. Throughout the years, the branch has worked closely with the community to perpetuate improvements in the lives of King William citizens. In the interest of brevity, some noteworthy activities are the Mt. Olive Community home improvement project and collaborations with public transportation to expand to this area in an affordable way.

Today, the NAACP is focused on such issues as inequality in jobs, education, health care, and the criminal justice system, as well as protecting voting rights.

Our mission statement is to secure the political, educational, social, and economic equality of rights to eliminate race-based discrimination and ensure the health and well-being of all persons. Our vision statement is to ensure a society in which all individuals have equal rights without discrimination based on race. Each letter of the acronym NAACP in our local branch's re-branded logo depicts a shade of skin tone which represents our emphasis on inclusivity of ALL races.

Though progressive, we do not have any agenda outside of what is published on our website. We look forward to continuing to help King William wherever and whenever given the opportunity.

Accreditation, continued from front page

King William Sheriff's Department with their VLEPSC Accreditation Certificate

To accomplish accreditation through VLEPSC, law enforcement agencies must undergo an audit by their peers, showing proficiency in 781 standards across 190 different areas. About 25% of Virginia law enforcement agencies are currently accredited. Sheriff Jeff Walton credited his entire department for their hard work and dedication expressing, "This has been a goal of mine and a dream for a very long time but none of it would have been possible without my staff." Each of the Supervisors congratulated the department during the supervisors' comments section. Agencies are required to renew their accreditation with VLEPSC every four years.

Save the Date April 16th for the 83rd Annual King William Ruritan Club Fish Fry

Members of the King William Ruritan Club invite you to their Annual Fish Fry

By Gene Campbell

Spring is just around the corner and so is the 83rd Annual King William Ruritan Club Fish Fry. Mark the date of Saturday, April 16th on your calendar. This year the annual rite of spring will be on a Saturday and not the second Tuesday in April, but rest assured the event will be as entertaining and fun as ever. Club members will be serving delicious fillets of catfish with shad roe, homemade coleslaw, hush puppies, clam chowder, and pork skins along with your favorite beverages. Gates will open at the Ruritan Club facilities on Rt 30 (three miles south of Central Garage) at 3 pm and the fun will continue till 7 pm. Come early for all you can eat hush puppies, pork skins, and clam chowder while you listen to your

favorite country and rock & roll tunes played by a DJ. Dinner will be served from 5 pm to 6 pm with take-outs available. Tickets are \$25 each and are available online at kingwilliamruritanclub.org, Facebook via PayPal, any club member, or call 363-1781. Tickets will also be available at local banks, 360 Hardware, and Twin Rivers Realty. Some of the proceeds will be donated to local fire and rescue departments, and other charitable organizations in the community. The King William Ruritan Club appreciates the SUPPORT from our community over the years in our fund-raising events and we look forward to seeing you on Saturday, April 16th.

Moose Service Center Meeting

An organizational meeting to Charter a new Moose Service Center in this area is scheduled for Sunday, March 6 from 11:00am-2:00pm at Red Barn Furniture Store, 15389 Richmond Tappahannock, St. Stephen's Church, 23148.

The purpose of the meeting is to explain to all interested citizens what the Loyal Order of Moose has to offer to you individually and to your community. The Moose is a private fraternal order, and international organization of men and women dedicated to caring for young and old, bringing communities closer together and celebrating life. These principles are perpetuated through independent Moose Service Centers, Activity Centers and Family Centers, housing Lodges and Chapters comprising more than a million men and women throughout the United States, Canada, Bermuda and Great Britain.

The Moose support thousands of programs that bring communities closer together, provide for youth at Mooseheart Child City & School near Chicago, and care for aged members at Moosehaven retirement community in Florida. Members also enjoy benefits and discounts on goods and services all across North America.

To find out more about the Moose organization we invite anyone interested to attend the organizational meeting

Republicans Donate \$1,730 for Ukraine Relief

Contributed by Bill Rilee, Chair KQRP

The King and Queen County Republican Party held its regular monthly meeting March 1st at Nick's restaurant. At the opening of the meeting a motion was made to donate \$1000 to Billy Graham's Samaritan's Purse Ukraine Response 014064 Fund, POB 3000 Boone, N.C. 28607. The motion passed unanimously. Then a basket was passed and another \$730 dollars was contributed. Anyone wishing to help can send donations to the above address. The program for the night was Mike Lankford, Commander of the American Legion Post 314. He spoke of the difficulties service members experience after returning to civilian life. He

revealed the many difficulties he had after his military experience. He related six of his military companions had committed suicide and many others were unable to adjust to normal life and became addicts and/or had mental disorders.

Lankford said, "The Legion is having great difficulties due to the lack of younger military veterans joining and Post's are having to close. There are many benefits the Legion offers its members and the great work they do benefiting their communities. I ask everyone to support the Legion." Please donate to Ukraine relief!

Notice of Intended Disposition

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR §10.6(c), of the intent to transfer custody of Native American human remains in the control of the U.S. Department of the Interior, National Park Service, Petersburg National Battlefield.

A detailed assessment of the human remains was made by Petersburg National Battlefield officials in consultation with representatives of the Chickahominy Indian Tribe; Chickahominy Indian Tribe – Eastern Division; Catawba Indian Nation; Citizen Potawatomi Nation; and Pamunkey Indian Tribe.

In February 2007, human remains inadvertently discovered during bluff stabilization work at Petersburg National Battlefield and were recovered by a National Park Service archeologist. Park officials consulted with the Virginia Council of Indians to be advised on the proper treatment and care for the remains and their potential for reburial. In 2017, the following Indian Tribes became federally acknowledged: Chickahominy Indian Tribe; Chickahominy Indian Tribe – Eastern Division; and Pamunkey Indian Tribe.

Officials of Petersburg National Battlefield have determined that, pursuant to 43 CFR §10.2 (d)(1), the human remains described above represent the physical remains of one individual of Native American ancestry based on the historical context, geographic location, and archeological characterization of the site. Funerary objects associated with the burial pit included dog bones.

Officials of Petersburg National Battlefield have determined that, pursuant to 43 CFR §10.6 (a), custody of the human remains shall be with the Pamunkey Indian Tribe. The basis for the cultural affiliation determination, pursuant to 43 CFR §10.14 (c), is cultural affiliation study of Petersburg National Battlefield conducted by the National Park Service that demonstrates a relationship of shared group identity that can be reasonably traced between the human remains and that present-day Indian tribe.

Representatives of any other Indian Tribe or Native Hawaiian organization that wishes to claim ownership or control of the human remains should contact Lewis H. Rogers Jr., Superintendent, Petersburg National Battlefield, 1539 Hickory Hill Road, Petersburg VA, 23803 phone 804 732-3571 ext. 105 (o), email Lewis_Rogers@nps.gov, before April 9th, 2022. Disposition of the human remains to the Pamunkey Indian Tribe may proceed after that date if no additional claimants come forward.

Chesapeake Bank and Chesapeake Wealth Management Sponsoring 'Art in Transit' 2022

Proceeds from 'Art in Transit' 2022 will benefit Bay Transit and the RAL Art Center

Contributed— Bay Transit, the public transportation division of Bay Aging, and the RAL Art Center have received a \$1,000 sponsorship donation from Chesapeake Bank and Chesapeake Wealth Management in support of the 'Art in Transit' 2022 contest and judged exhibition. While presenting their sponsorship check, John O'Shaughnessy, Chesapeake Bank's Executive Vice President and Senior Credit Officer noted, "Chesapeake Bank and Chesapeake Wealth Management are excited to support 'Art in Transit' 2022, which directly benefits two of our community's most impactful non-profit organizations. Bay Transit and the RAL Art Center are both committed to improving access, to transportation and to art and creative expression. Speaking on a personal level, I know how important RAL was to both my mother and is to my mother-in-law and how fulfilled they were by their involvement."

Jean Light, Senior Wealth Management Advisor & SVP for Chesapeake Wealth Management commented, "We are fortunate to have a service like Bay Transit that has worked to ensure transportation to anyone wanting to get involved with the RAL Art Center even if they are unable to drive."

"As a longtime resident and Bay Aging

board director representing Lancaster County, I see what an impactful partnership Bay Transit and the RAL Art Center have forged through 'Art in Transit,'" said Vera Lee. "Thanks to sponsors like Chesapeake Bank and Chesapeake Wealth Management, 'Art in Transit' will help public transportation and art communities throughout the region continue to flourish. I'm looking forward to the reception and awards ceremony on May 20th to see the incredible artwork this judged exhibition inspires."

"The 2022 edition of 'Art in Transit' is going to be fantastic," noted RAL Art Center Executive Director Doug Mock. "Chesapeake Bank, Chesapeake Wealth Management, and our other sponsors are helping ensure the RAL Art Center and Bay Transit will continue serving our communities for years to come."

The "Call for Entries" to artists throughout the Northern Neck and Middle Peninsula to participate in the 'Art in Transit' 2022 contest and judged exhibition was issued in January but there is still plenty of time to enter. The deadline for entries and art submissions to the RAL Art Center in Kilmarnock is April 18th between 10 AM and 12 PM. This year's award winners will be recognized at the 'Art in Transit' 2022 reception on Friday night, May 20th. The culmination of the reception will once again occur when a copy of the first-place entry is unveiled on the side of a Bay Transit bus.

Presenting their sponsorship check to Bay Aging board director Vera Lee (far left) and RAL Art Center Executive Director Doug Mock (far right), are Jean Light, Senior Wealth Management Advisor & SVP for Chesapeake Wealth Management, and John O'Shaughnessy, Chesapeake Bank's Executive Vice President and Senior Credit Officer.

To find out more and to download the entry form, please visit the RAL Art Center at www.RALartcenter.com or call RAL at (804) 436-9309. You can also download a copy of the Call for Entries and entry form by visiting the Bay Transit website at www.BayTransit.org.
